

## A message from Nick Herbert

### Britain needs strong and stable leadership

**“** This election is being held at a vital time for our country. Following the referendum we now have a difficult negotiation ahead.

the strongest position to compete globally. We need to secure our growing economy and deliver the funding which our public services will require.

The task is to achieve the optimal new arrangements for Britain, guided not by ideology but by what is in our national interest.

We will now control our borders, but we also need the maximum access to Europe's market to promote jobs and investment.

As we embark on this new chapter in our history, Britain needs to be in

The country needs strong leadership, certainty and stability for the next five years.”

The Arundel & South Downs constituency divided 50:50 in the referendum, and I voted to remain, but I believe that the overall result must be respected, and that we must now come together and work for the best possible deal for Britain.

WORKING LOCALLY FOR CONSTITUENTS

About Nick HERBERT

# Nick HERBERT:

## My priorities for Arundel & South Downs

In the last twelve years as MP for the fantastic constituency of Arundel & South Downs I have done my utmost to support local communities.

I work for everyone locally, regardless of party or politics, to do the best for our area.

I pledge to work hard for everyone in the constituency, to stand up for local people and to be a strong voice for your concerns.

### ► PROTECTING OUR VILLAGES AND MARKET TOWNS

Britain needs more housing, but our communities have already grown significantly and there is pressure on local infrastructure. I have spoken out forcefully about the need to protect the countryside and promote localism, and I have won stronger protections for neighbourhood plans.

### ▲ CONSERVING OUR PRECIOUS ENVIRONMENT

Whether it is through new oil wells or large solar arrays, energy production must be located with sensitivity to our precious landscape and local communities. The beautiful countryside of West Sussex must not be carelessly industrialised.

Nick will continue to hold Southern Rail to account

### ◀ FIGHTING FOR BETTER TRANSPORT LINKS

After I lobbied for A27 Improvements, work on the much-needed Arundel bypass is due to start in less than three years' time, followed by upgrades through Worthing. I have strongly backed commuters in the battle to improve the local rail service, holding Southern, Network Rail and the unions to account.

Nick meets Bill Gates to discuss the campaign to fight tuberculosis

### ◀ A COMPASSIONATE VOICE

I lead a global campaign to fight tuberculosis, working with charities and aid agencies to beat the world's deadliest infectious disease which tragically claims 1.8 million lives a year worldwide.

Nick opens the local store in West Chillington

### ► PRESSING FOR FAIR FUNDING

I have strongly made the case for fair funding for West Sussex schools. It's not right that our children receive less funding than others in similar parts of the country. I have called for a new fair funding formula and minimum levels of resourcing for our schools.

### ▲ WORKING HARD FOR LOCAL PEOPLE

I will continue to do everything I can to support the local community, because it is a privilege to be elected to represent the Arundel & South Downs constituency and I will never forget that I work for you.

**For a strong and effective local MP who will be accountable to you, vote Nick Herbert on Thursday 8th June**
