Our little group of ladies, once just a bunch of strangers, has become so much more—now we're planning a cruise together! It's been a healing journey for all of us, stepping out and doing something this big. I'm taking a huge personal leap here, traveling without my family for the first time, but it feels like exactly where God's leading. I am amazed at all God has done and is going to do. He has brought “good”. He has brought beauty from ashes. Our little group has come from ashes and we are experiencing beauty. I'm so humbled and thankful God led me to facilitate this precious group of women.

DEAR REAL LIFE

You, our beloved church,

are a constant joy to me! Your passion for God and genuine love for one another is beautiful. Thank you church for being you! 2023 was a special year for us. We heard inspiring stories of Real Lifer's persevering with hope amidst suffering. We saw strangers becoming friends and friends becoming family in our Community Groups. Dozens at Real Life found Jesus & even more followed Him in baptism. In 2023, Sensing the leadership of the Holy Spirit, we committed to a vision that will shape generations to come. The Lord has stretched our faith and moved our church into new levels of generosity...and now It's OUR TIME! It's OUR TIME to equip & empower every generation! It's OUR TIME to send & multiply! It's OUR TIME to build & establish roots! **2024 will be a historic year for us** as we move into our first ever brand new facility. This move out of The City Forum and into our new building will provide new opportunities for service and discipleship. The harvest is plentiful! Let's open our hearts to all that God is inviting us into. It's OUR TIME!

Keep it real. Keep it Jesus.

Pastor Freddy T.

Real Life has impacted us in so many ways.! When a group of women (and a few men) prayed over me and my husband for our infertility journey, it was humbling. A month later, we found out we were pregnant and so thankful for our church family’s prayers and support.
