The purpose of the Broad Corridor Community Garden Network is to create a collective of community gardens and gardeners in neighborhoods along the Broad Street corridor. This network aims to connect school gardens, neighborhood gardens, and gardening nonprofits in order to:

1. Obtain, circulate and aggregate resources cooperatively;
2. Access technical and logistic help for and from other gardeners;
3. Build a collective of gardeners that can advocate for themselves and other gardeners throughout New Orleans, especially the Broad corridor.

**Desired Outcomes**

- Planning bi-annual events in the fall and spring where gardeners can meet up and share resources and knowledge.
- Compile resources that can be organized and shared throughout the garden network through various forms of communication such as: email, phone calls, in-person conversations, or whatever works best for each member.
- Coordinate with volunteer groups to make sure that gardeners that need assistance with gardening projects receive help.
- Build a team of gardeners who would like to cooperatize in leadership roles within the garden network to help organize these bi-annual events by Fall 2020.

**How to Become a Member**

- To become a member of the BCCG Network, gardeners must request membership by emailing or calling Gabe at gabe@sproutnola.org or (504) 535-5064.
- Members work together to achieve the desired outcomes above.

**Tentative Plan of Events**

**June 2019** - BCCG Network Kick-off Event: “Cover cropping for the Summer!”

**October 2019** - First Bi-annual BCCG Event
- Potluck, resources share/swap, and knowledge share.
- Development of garden network by laws and official functions.

**March 2020** - Second Bi-annual BCCG Event
- Potluck, resources share/swap, and knowledge share.
- Nominations for leadership positions within community garden network.

**October 2020** - Third Bi-annual BCCG Event
- Potluck, resources share/swap, and knowledge share.
- Steering committee or leadership team implemented by the garden network.
