# ZEFNET CHARGE MOBILE APP

*The ZEFNET Charge app brings charger locating, charger payment, and real-time charging status updates into the palm of your hand. Drivers receive tips on how to use charging equipment and can check their payment history all in one place.*

## Charging Made Easy

It is simple for drivers to:

**1** | **Find Chargers**

**2** | **Pay for Charging**

**3** | **Control Charging**

## App Benefits

The ZEFNET Charge app is a North America-wide charging network tool for EV drivers. It makes charging easy for drivers -- at home, around town, or while on the road. *Benefits include:*

>> Supports public (Level 2 & DCFC), workplace, fleet, & multifamily commercial applications

>> Driven by the ZEFNET platform where driver pricing & load controls are enabled

>> US Based 24/7/365 phone support for drivers

>> Live view of output power for your EV

>> Manages driver-payments directly to make multifamily programs easy to administer

>> Wallet feature ensures drivers have sufficient funds to start a charge

The app is available for download in Google Play and Apple App store. For ZEF Energy partner utilities, single-family residential customers can also connect to their home chargers via the app.
