Ice Coffee Made With Real Coffee Ice Cubes

★★★★★

**Jonathan** in Atlanta, GA

*As a former barista for many years, I must say this is an ingenious solution to the ice coffee problem! I have never seen this or heard of this anywhere else until I visited 101 Bagel Cafe. And all-you-can-drink coffee on tap? Say no more.*

★★★★★

**Brittany** in Atlanta, GA

*The coffee is delicious. Instead of using ice cubes that water down your drink, they have COFFEE ICE CUBES. I am a huge fan of the vanilla with caramel added in.*
