The committee met to constitute a working group on mixed concentrations, revise the requirements for summer transfer credits to essentially replicate the relaxed requirements of last summer given the pandemic (but with a substantial synchronous learning component rather than a 30-hour requirement), and discuss initial thoughts on how the educational experience this year might inform a more normal academic environment next fall.
- The USLC held its first meeting of the year, where Alisha and Naomi presented on behalf of the Disability Task Force. They discussed orientation on accessibility for eating club officers and a new feature on the campus map.
- Campus Dining provided USG with updates on dining options after continued advocacy from USG members and other students.
