Why do schools choose Pear Deck for student engagement?

1. **Flexible Platform for Your Content**
   You’ve already invested in content and curriculum. Pear Deck helps make those resources engaging and interactive. There’s no limit to how many lessons can be shared, copied, or edited. Create, collaborate, and share your Pear Deck files with a single click.

2. **Seamless Google Integrations**
   Pear Deck works on any device and in any browser, and seamlessly integrates with Google Apps for Education. Teachers and students sign-in with their Gmail accounts and use Slides, Sheets, Docs and Drive to teach, learn and work together.

3. **Simple & Easy-to-Learn**
   There are thousands of tech tools out there—teachers have enough to do without learning new ones. Working with Pear Deck is as simple as opening Google Slides. No need to upload files, or to learn a new set of tools. If your teachers are comfortable using Google Apps, they’re ready to use Pear Deck.

4. **Support for Flipped and Blended Learning**
   Save valuable class time for deeper discussions! With Pear Deck Student-Paced mode students can work at their own speed before and after class, from school or from home. Teachers can observe students engaging with the lesson in real time and send.

5. **Transparent Pricing**
   Our pricing model is straightforward, with no hidden fees for data storage or content. Plus, schools get free access Google’s Be Internet Awesome digital citizenship curriculum with ready-to-teach Pear Deck lessons.

6. **Founded by Educators**
   Pear Deck was founded by educators. Every app, integration, and experience we develop is rooted in best practices for formative assessment and active learning.
Integrations Make It Easy

- Single sign-on for teachers and students with Google accounts
- Unlimited presentations and storage in Drive—no hidden fees
- Design slides and add interactivity from within Google Slides
- Extend the lesson beyond the classroom with Student Takeaways
- Export class data to Google Sheets for review and grading
- Automatically sync your rosters with Google Classroom

Educators ❤️ Pear Deck

“I love Pear Deck and its possibilities. Pear Deck has dramatically changed our classroom climate! I have been in education for 28 years and have seen lots of changes—none as earth-shattering as this.”

— Tammy McClain, Google Certified Educator, Director of Instructional Technology, Dimmitt ISD, Amarillo, Texas

“Hands down, if I was to choose one app for engagement, instruction and valuable learning data, it would be Pear Deck.”

— Becca Redman, University EdTech Instructor, 7-12 Educator

“I rarely come across an education resource that gets me excited to try it on Monday. I used Pear Deck for the first time at the EdTech Google Summit and immediately turned around and created my first deck. Students loved the different features and had fun sharing their knowledge in a creative way, and I loved getting a more accurate assessment of how each of my students is progressing.”

— Brian Hemsworth, The Dr. Miriam and Sheldon G. Adelson Educational Campus, Las Vegas, Nevada
