

Media Statement from Women's Mini Marathon:

Monday 4th June 2018: The race organisers of Women's Mini Marathon are happy to provide a Race Bag to all participants every year. This is one of the most popular parts of the event every year, and we strive to give all participants a selection of free, quality products. These range from food and drink items to household and lifestyle items.

Our sponsors have no input into the contents of the race bag.

We understand that some participants were unhappy with the inclusion of dishwasher tablet and laundry detergent samples in the race bag, equally we have received positive feedback from the majority of the 30,000 women who took part in the event.

We have included similar items in previous years, which have been well received, but understand the concerns raised by some women given the context. We welcome feedback from all of our participants, and will continue to listen and take on board the feedback which we receive each year.
