GET MORE MONEY FOR YOUR DIRECT PAY PROJECT: APPLY FOR THE LOW-INCOME COMMUNITIES BONUS CREDIT BY JUNE 27

Are you
✅ A tax-exempt entity like a local/state government, Tribal government, house of worship, school, or 501c3 nonprofit?
✅ Planning a solar or wind project <5 MW that’s any of the following:
   ▪ Located in a low-income community
   ▪ Located on Indian land
   ▪ Part of a Qualified Low-Income Residential Building Project
   ▪ Part of a Qualified Low-Income Economic Benefit Project
✅ Planning to claim the Investment Tax Credit for this project?
✅ Expecting to complete this project in the next ~4 years?

Then you could be eligible for the Low-Income Communities Bonus Credit! This bonus credit can increase the Investment Tax Credit amount for your project by 10-20%. The Department of Energy (DOE) only allocates the bonus to a limited number of projects. You must apply through the DOE’s portal to be considered for the 2024 program year.

Apply here by June 27

After June 27, DOE will generally accept applications on a rolling basis. Apply by June 27 to make your application competitive.
