Our Team

We are honored to have this year’s Parent Educator of the Year as part of our team. Lilia has been a parent educator for over 25 years. She began in North Carolina as a young mother herself, and as she moved across the country through Oklahoma to California she always found her Parents As Teachers family to continue serving families in her new communities.

Lilia is our most passionate parent educator. She leads by genuine passion for her job when she shares her experiences and thoughts. She is always the positive voice in our team and can see the bright side of any situation. Her co-workers admire her ability to adapt to changes and always have the families best interests at heart.

Monterey County is located on the Central Coast of California with a population of 435,828. The Salinas Valley extends through the heart of the County, making Monterey the third largest agricultural county in California.

Demographics 2019-2020

Acknowledgments

To our PAT team for selflessly serving our community. For being adaptable and resilient during unprecedented times. To our community funders, for believing in the greater good of Parents as Teachers and the impact it is making in our community.
