

Warm Raspberries Over Vanilla Ice-cream

By The Food Nanny

2 Cups fresh or frozen Raspberries

¼ Cup Sugar

1 Tablespoon fresh lemon juice

2 Tablespoons water

1. Combine in a small saucepan over low to medium heat.
2. Stir the berries carefully with a spoon so not to crush them but to remain whole.
3. When warm and the berries have released some juice, gently spoon over excellent quality vanilla ice-cream.
4. Enjoy!
