

Gallica Cabernet Sauvignon 2013

Posted on 31 May 2017

"Oh those tannins. We're mining a rich seam of Napa tannin here, fleshy and minerally, saturating and teasing the palate. Aside that, yes, a dried rose perfume, some mint fragrance, raspberry and blackberry, with mocha and nougat oak in firm support. Succulent, fleshy, satisfying and very long. It's still fairly primal right now, and while flush with the beauty of youth, its best years are well before it. Smoking."
