CMSC Kit

Columbia Memorial Space Center will be supplying you with a kit of supplies. This will include some of the harder to find or specific items needed for the activities. Please save the box it comes in which will be used for some activities.

Home Supplies

In addition to the kit, we ask that you provide the following basic tools:

- Scissors (Child scissors will work for most activities. You may occasionally need to help cut something with adult scissors)
- Tape (Mostly masking tape and/or transparent tape. Duct tape is also suggested but not required for one activity.)
- Coloring supplies (markers, crayons, and/or colored pencils)
- Glue

The following household items will also be used. Some of them require saving empty food items.

- Timer
- Small Ziploc bags
- 2-3 Cups (disposable paper or plastic cups or basic reusable plastic cups ... not insulated)
- Thin cardboard (ex. cereal box)
- Empty 2-liter bottle
- Penny or similar weight item
- Empty oatmeal canister or similar sized box
- Eggs (1 hard-boiled egg and 2 raw eggs)
- Pie tin or similar tray
- 2 sharpened pencils to be used as wheel axles
Campers will need a variety of materials for making their projects that can be found around the house. The following is a list of suggestions. You do not need everything on this list. **TIP: Before you throw food containers and other items away, consider if it can be upcycled for a project.** Start filling a box or container of possible items that your child can use for camp.

- Newspaper or grocery store ads
- Paper towel or toilet paper tubes
- Egg cartons
- Bubble wrap or other packing material
- Construction paper
- Fabric scraps
- Cardboard (in addition to the kit box and cereal box mentioned above)
- Napkins
- Plastic bags
- Paper or plastic cups
- Plastic food containers
- Straws
- Paper clips
- Cotton balls
- Toothpicks
- Empty water bottles
- Plastic lids from bottles or milk jugs
- Styrofoam containers, cups, or meat trays (thoroughly washed)
- Tissue paper
- Playdough (consider finding a recipe online to make some ... lots to choose from)
- Dryer lint
- Foil
- Plastic wrap
- Beads
- Buttons
- Yarn
- Popsicle sticks (we'll provide some but they may want more)
- Anything else you find around the house that might be useful. Be creative! :}
