INTRODUCTION - SCHOOL PROFILE

Parkside Intermediate is one of eight schools in the San Bruno Park School District with traditions dating back one hundred years. Parkside Intermediate has a diverse pupil body and is served by a dedicated staff. Both staff and parents comment on the positive changes that are ongoing in our school.

Parkside Intermediate faces challenges in maintaining a safe school. This section of the Comprehensive School Safety Plan will describe programs in place at our school as well as strategies and programs of our school site council for continued improvement in providing a safe, orderly, school environment conducive to learning.

School Crime Status and Reporting
Parkside Intermediate School complies with all Federal regulations in the accumulation and reporting of data and statistics pertaining to expulsions, suspension, and truancy information to satisfy NCLB requirements. In accordance with those requirements it has been determined that Parkside Intermediate is NOT at risk of being classified as a persistently dangerous school.

With an enrollment of 576 students in the 2007 – 2008 school year, it was found that Parkside Intermediate School had a total of five (5) expulsions (.87% of the total population), 70 suspensions (12.15% of the total population), and 76 students designated as truant with an unexcused absence or tardy of more than 30 minutes on three (3) or more days (12.28% of the total population).

Personal Characteristics of Pupil & Staff
Parkside Intermediate has an enrollment of 576 pupils in grades 7 and 8. Pupils from this school come from families with low family mobility. Approximately 31% of the pupils are in families receiving Aid to Families with Dependent Children that are eligible for free/reduce lunches. The ethnic makeup of the pupil population is 43% Hispanic, 4% Black, 29% Caucasian, 8% Pacific Islander, 8% Asian, 7% Filipino and 2% Other. Our pupils have a variety of life experiences. Some pupils have recently arrived from foreign countries while others have never left their neighborhood.

Curriculum and Educational Activities
The course of study includes the basic core curriculum, physical education and enrichment classes such as Spanish, Visual Arts, Music, Mathematics/Technology, Music/Technology, AVID, Yearbook, and Newspaper.
Pupils have the opportunity to participate in noon and after-school activities. These include After School Homework Club, Student Council/Leadership, Dance Club, and a comprehensive After School Sports program.
PHYSICAL ENVIRONMENT

The Schools’ Location and Physical Environment
Parkside Intermediate is located in the city of San Bruno in San Mateo County that has a low crime rate and an average poverty level. The immediate area around the school includes single family dwellings, apartments, parks, as well as other elementary schools, a comprehensive high school, and many churches. Present safety hazards include heavy traffic areas.

Description of School Ground
The following is a sample - please describe in your own words. The school site encompasses (Insert number of acres here). The buildings have numerous corridors and face the playground. The playground is grass, concrete and asphalt and includes basketball and volleyball courts, baseball diamonds and a lined track. Parkside Intermediate is completely enclosed by a fence with gates which are kept locked during school hours. There are several wings and/ or clusters of classrooms including (Insert number permanent classroom) classrooms (Insert number of re-locatable classroom here) re-locatable classrooms. Other ancillary structures include (Insert as appropriate: office, cafeteria, restrooms, library).

During the school day, staff members and administrators shall provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It shall be the practice of Parkside Intermediate to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are promptly addressed.

Maintenance of School Buildings/Classrooms
The school's physical facility is well maintained and generally looks neat and clean. The school was most recently renovated during the 2000 school year. District personnel periodically examine the school’s physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

The classrooms are monitored for safety and appearance by the administration and individual classroom teachers. The pupils take pride in the appearance of the school.

In recent years Parkside has suffered from an increase in graffiti defacing the blind spots of the school gymnasium. These blind spots are located on the east, south, and western walls. These locations are hidden from the street and passers-by and neighbors are unable to see any illegal activity. Additionally, the far southern area of the campus has become an area of great concern for the...
site administration. The area is also hidden from street view and suffers greatly from vandalism and damage. The issues created by the vandalism and damage to the facility require a significant amount of time from the site custodial team and site administration to catalog, repair, and investigate.

**Internal Security Procedures**

Parkside Intermediate has established procedures in the following areas: California Safe School Assessment (CSSA) reporting procedures, suspension and expulsion procedures, and an inventory system.

Parkside Intermediate crime statistics reflect a total of 149 crimes reported during the 2005-06 school year.

Keeping reportable crimes at a minimum requires constant vigilance. The following strategies will be utilized in achieving this goal: The Administration has split the school lunch program into two separate periods to alleviate the amount of students out on Yard A. In addition, the Yard B section of the campus behind the Library has been restricted to student access during the Lunch and Brunch periods. Yard supervisors are present during both lunch periods in addition to site administration. Student access to the school is restricted until 7:45 in the morning when site administration opens the main gates for student entry. All other entry points to the campus are closed until the start of the school day. Site bathrooms and hallways are routinely patrolled during the school day and after school to maintain appropriate levels of safety.

Parkside Intermediate maintains a copy of the district’s sexual harassment policy in the main office and the policy is available on request Sexual harassment policy. The District’s Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information related to suspension and/or expulsion for sexual harassment of or by pupils. Additionally, a notice summarizing this sexual harassment policy appears in the Parent & Student Handbook, The parent student handbook is distributed at the beginning of each school year to all parents and pupils.

Included in this Safe School Plan is a school map established by the School Site Council indicating safe entrance and exit areas for pupils, parents and school employees.

To ensure the safety of pupils and staff, all visitors to the campus, except pupils of the school and staff members, shall register immediately upon entering any school building or grounds when school is in session. District employees, not assigned to Parkside Intermediate shall wear appropriate identification badges while on campus conducting business.
Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school’s discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil’s misbehavior.

Pupil conduct standards and consequences for Parkside Intermediate are specifically described in this Comprehensive Schools Safety Plan including: (a) the adopted school discipline rules and procedures, (b) District Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Pupils may be suspended or recommended for expulsion or for certain acts. For specific student violations, a mandatory expulsion recommendation shall be submitted by the administration of Parkside Intermediate.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. Parkside Intermediate employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

If appropriate, additional internal security procedures affecting the integrity of the school facility include: walkie-talkies for all mobile school personnel and office personnel including administration, yard supervisors, telephones in all classrooms and meeting areas, and a comprehensive alarm and security system including security cameras on the perimeter areas of the school.

Community involvement is encouraged to help increase school safety. Yard supervisors consist of both volunteers and paid itinerant employees.

**Inventory System – Engraved ID, Security Storage**
Most school-site equipment has a metal ID tag or a bar cod sticker adhered to its surface. These items are inventoried annually and there is an established accountability system. Office and classroom supplies are secured.

SAFETY STRATEGIES

Introduction
Safe Schools are orderly and purposeful places where students and staff are free to learn and teach without the threat of physical and psychological harm. Parkside Intermediate promotes educationally and psychologically healthy environments for all children and youth. Parkside Intermediate recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents and the community. Parkside Intermediate further recognizes that safe school practices make major contributions to academic and school improvement efforts.

Although keeping children safe requires a community-wide effort, schools are an important piece of the undertaking to keep children safe. Parkside Intermediate’s efforts are illustrated below which broaden the safety planning and incorporate an expansive range of strategies and programs in the school safety plan.

SCHOOL SAFETY STRATEGY #1: Positive pupil interpersonal relations are fostered by teaching social-personal skills, encouraging pupils to feel comfortable assisting others to get help when needed and teaching pupils alternative, socially appropriate replacement responses to violence, including, but not limited to problem solving and anger control skills. When appropriate, staff members shall make referrals to recognized community agencies and/or counseling and mental health resources in the community to assist parents/student with issues prevention and intervention. The school uses a variety of methods to communicate to pupils, parents, and the greater community that all children are valued and respected.

Preventing and Intervening: Pupil Aggressive Behavior
Creating a safe school requires having in place many preventive measures for children’s mental and emotional problems. Schools can reduce the risk of violence by teaching children appropriate strategies for dealing with feelings, expressing anger in appropriate ways and resolving conflicts.

Staff members at Parkside Intermediate have received training in conflict resolution and confrontation skills. Parkside Intermediate uses a comprehensive approach to school violence prevention. Pupils are identified in their school career using measures shown to be highly effective in identifying student with antisocial and aggressive tendencies. These measures include: (a) number of disciplinary referrals to office, (b) observed aggressive behavior, and (c) teacher observation.
Mental Health Programs  Assigned to Parkside Intermediate is a school psychologist and a site based counselor as well as multiple counseling interns. District programs contributing to mental health goals include Drug Abuse Recognition Education (DARE). The staff of Parkside Intermediate shall identify students in need and bring forth the student and the family to the school's student study team. The staff of Parkside Intermediate shall implement the EDCR Incident Crisis Response Plan for "suicide" in cases where a student exhibits specific characteristics. In incidences of possible suicide, school/district psychologist or police crisis response units shall be contacted.

Professional Development  The San Bruno Park School District provides professional development for teachers, parents, and community members. Amongst the goals of such programs are to help others establish and nurture a healthy sense of self confidence and self control, to develop personal and social responsibility and to enhance academic success.

Student Recognition Programs.  Parkside Intermediate offers several recognition and award programs such as the annual 3.5 GPA party, the annual Honor’s Tea for exemplary students, school-wide dances for successful students, various awards and recognitions, the annual Honors Tea, the annual 500 Day festival, the annual Great America trip for 8th grade students, and the annual Narita Sister City school program with Narita Japan.

SCHOOL SAFETY STRATEGY #2:  Procedures, programs and strategies used to help eliminate problems of bias or unfair treatment of pupils by staff and by peers because of ethnic group, gender, race, national origin, social class, religion, disability, sexual orientation, physical appearance, color, ancestry, parental status, or other relevant characteristics. The school provides a way for each pupil to safely report and, be protected after reporting, troubling behaviors that the pupil thinks may lead to dangerous situations, such as potential school violence.

Nondiscrimination and Fair Treatment of Pupils  A major source of conflict in many schools is the perceived or real problem of bias and unfair treatment of students because of ethnicity, gender, race, social class, religion, disability, nationality, sexual orientation, physical appearance, or some other factor. Effective schools convey the attitude that all children can achieve academically and behave appropriately, while at the same time appreciating individual differences. Effective schools communicate to students and the greater community that all children are valued and respected.

In order to maximize the successful education of all students and help them become productive citizens and lifelong learners in a diverse society, all individuals including student, parents, staff and community members:
Shall be treated with dignity, respect and fairness;  
Shall encourage and maintain high expectations;  
Shall model an appreciation for socio-economic, cultural, ethnic, gender and religious diversity; and  
Shall contribute to an environment of mutual respect, caring and cooperation.

Students, parents, staff and community members shall join together to share a sense of belonging and take pride in our schools, facilities and programs through participation and cooperation in support of the education of all students.

A copy of the “Parent Student Handbook” is provided to each parent/student annually or upon enrollment. This handbook includes information pertaining to student rights to physical safety, to the protection of personal property, to respect from adults, and to be free of discrimination on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The District’s policies on nondiscrimination and sexual harassment support these protections and serve to promote the fair treatment of all children.

**Discipline Policy and Code** Effective and safe schools, develop, and consistently enforce, school-wide rules that are clear, broad-based, and fair. School safety can be enhanced by the development of a school-wide disciplinary policy that includes a code of conduct, specific rules and consequences that can accommodate student differences on a case-by-case basis when necessary. Discipline consequences should be commensurate with the offense, should be written, applied in a nondiscriminatory manner, and accommodate cultural diversity. Direct teaching and social problem solving and social decision-making is now a standard feature of effective drug and violence prevention programs.

Parkside Intermediate uses both classroom and school-wide discipline codes that clearly communicate the behavioral expectancies and consequences for pupils. Parkside Intermediate has developed plans to promote positive behaviors in the playground, lunchroom, hallways, and assembly areas.

**SCHOOL SAFETY STRATEGY #3:** Parkside Intermediate’s administrators, teachers, families, pupils, support staff, and community members recognize and make appropriate use of the early warning signs related to violence, substance abuse, and other at-risk concerns.

**Crisis Intervention and Disaster Planning** The staff of Parkside Intermediate shall increase school safety by evaluating and addressing serious behavioral and academic concerns. Weapons (on campus and in the community), bomb threats, explosives, fights, natural disasters, accidents, and
suicides call for immediate, planned action, and long-term, post-crisis intervention. Planning for such contingencies reduces chaos and trauma.

Parkside Intermediate benefits from the District’s Earthquake Disaster Crisis Response Plan (EDCR). The EDCR Plan includes information on how to respond to a crisis. Risk factors, response and contingency plans, quick response designs, parent contacts, debriefing, suicide/threat response, violence/aggression response and training/drills to become aware of warning signs are among the areas addressed.

**California Safe Schools Assessment**

Parkside Intermediate actively participates in the California Safe Schools Assessment. Data is collected, reported, and reviewed on all crimes committed on the school campus. Parkside Intermediate recognizes that a safe school continually assesses its progress by identifying problems, collecting information regarding progress toward solutions, and by sharing this information with students, families, and the community at large.

**Teacher Notice of Disciplinary History**

The San Bruno Park School District shall provide to the administration of Parkside Intermediate information on each pupil who has: (1) during the previous three school years, engaged in any suspendable or expellable act (except E.C. 48900 (h)) or (b) committed a crime reported to the District by a family member, local law enforcement, Probation Department or social services. This information is used to develop awareness, assigning appropriate discipline consequences, help in allocating resources, and is a factor in determining which services are provided to the pupil or recommended to the parent/guardian.

**Gang Affiliation**

Gang affiliation and gang activity will not be tolerated at Parkside Intermediate. The staff at Parkside Intermediate shall work closely with the local law enforcement/Gang Unit regarding all issues and matters that are gang related. Information from the school and the community shall be communicated to the student's parents, if the pupil begins to make gang affiliations. Appropriate prevention and intervention strategies and programs shall be offered to the families.

**Gangs and Graffiti**

Local city efforts have formed a graffiti removal service, a law enforcement gang task force, and a school resource officer program. Parkside Intermediate uses its links with the City of San Bruno to enhance its effort to curb gang influence. An increase in graffiti, damage to facility, and other inappropriate activities after hours have led the site administration to pursue alternate methods of surveillance of the school site.
**Alternative Programs.** Research has shown that effective alternative programs can have long-term positive results by reducing expulsions and court referrals. Parkside Intermediate to an Independent Study Program, a "Home-Hospital Study Program" and may make a referral to the Office of Child Welfare and Attendance for placement in one of the programs offered through the San Mateo County Department of Education. These alternative programs, when matched to a pupil’s needs, can produce positive outcomes.

**Drug and Violence Prevention Programs**
The goals of the district's Drug Alcohol and Tobacco Education Program and other related community program include providing all K-12 pupils with a comprehensive drug and violence prevention program and providing all pupils in grades four through eight with a comprehensive tobacco use prevention education.

**Truancy Learning Center/District Attorney Referral**
Parkside Intermediate recognizes the importance of punctuality and regular attendance. The staff of Parkside Intermediate shall accurately record the attendance record for all students. Parents of students with poor attendance will be contacted. Students with poor attendance due to medical issues will be referred to the school nurse. Should attendance problems continue, official action is to be taken, which could result in a referral to the School Attendance Review Board or a referral to the San Mateo County District Attorney’s Office with a request for prosecution of the parent and/or the student. Truant students shall be referred to the Truancy Learning Center.

**Megan's Law Notification** The staff of Parkside Intermediate shall receive Megan's Law Sex Offender Information from local law enforcement and that information shall be communicated with the public so that the information can be used to protect students and families. Megan's Law provides the public with photographs and descriptive information on serious or high risk sex offenders residing in California who have been convicted of committing sex crimes and are required to register.

**SCHOOL SAFETY STRATEGY #4:** Plan(s) and method(s) are available to identify isolated and troubled pupils, help foster positive relationships between school staff and pupils, and promote meaningful parental and community involvement.

**Parent/Guardian Involvement**
Staff members in effective and safe schools make persistent efforts to involve parents/guardian by: Informing them about discipline policies, procedures, and rules, and about their children’s behavior, both desirable and undesirable; involving them in making decisions concerning school-wide disciplinary policies...
and procedures; and encouraging them to participate in prevention programs, intervention programs and crisis planning.

Parkside Intermediate:
- Effectively uses the School Site Council
- Notifies parents about, and encourages participation in parenting programs.
- Has established a school visitation procedure.
- Provides a newsletter to parents.
- Uses the School Accountability Report Card as a procedure to communicate to parents.
- Provides several opportunities for Teacher-Parent Conferences.
- Maintains an effective Homework Policy

Each classroom is arranged to help prevent aggressive behavior. High traffic areas are free of congestion. Pupils are in full view of the teacher so the teacher can easily monitor students’ behavior. Teaching materials and student supplies are readily accessible to minimize student-waiting time. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior.

**Parent Training: Promoting the Use of Community Resources**
Parkside Intermediate advocates for the provision of community resources to help maximize the development of positive behavior and the suppression of antisocial behavior. Such training promises to maximize the parent’s contribution to academic excellence and noteworthy social-development.

**Problem Solving Teams**
School communities can enhance their effectiveness by identifying factors that result in violence and other problem behaviors. In-building, collaborative problem-solving teams are viewed as essential to successful prevention and intervention with aggressive behavior. Parkside Intermediate utilizes a student study team to help address issues of problem behavior. These problem-solving efforts bring together school staff, parents, and when appropriate, involved community-based agencies and the pupil. The goal is to help identify, clarify, analyze and resolve issues concerning pupil, educational and familial concerns. The student study team is flexible enough to address individual problems and school-wide matters.

**Community Linkages**
When working with parents and students with specific issues, the staff of Parkside Intermediate will provide information to the families regarding available community resources. The staff of Parkside Intermediate shall work closely with recognized local city, county and state agencies.
SCHOOL SAFETY STRATEGY #5: Specific employees (e.g., the campus supervisor) use unique strategies to promote school safety.

Campus Supervisor and Administrative Positions
Schools can enhance physical safety by monitoring the surrounding school grounds—including landscaping, parking lots, and bus stops. Pupils can also be a good source of information. Peers often are the most likely group to know in advance about potential school violence.

Parkside Intermediate employs a principal and vice principal whose job is designed to help increase school safety, prevent prohibited offenses, and promote positive student relationships. The principal and vice principal have developed procedures to monitor the school campus, the surrounding areas, and has designated the safe entrance and exit routes to school. Furthermore, recognizing that pupils are often the first to know of dangerous plans or actions, the principal and vice principal at Parkside Intermediate makes himself/herself available for a pupil to safely report troubling behaviors that may lead to dangerous situations.

When it comes to school safety, pupils are taught not to keep secrets. Effective relationships between the principal and vice principal and pupils help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.

Campus Disturbances and Crimes
Parkside Intermediate recognizes that campus disturbances and crimes may be committed by visitors and outsiders to the campus. Several steps have been taken to protect the school, staff, and pupils from safety threats by individuals visiting the campus area. In addition, disputes often occur because of parental custody disputes. The staff of Parkside Intermediate will maintain in the student’s record custody documentation provided by families and will request assistance from local law enforcement and the Office of Child Welfare and Attendance as needed.

Visitors and Disruptions to Educational Process
Parkside Intermediate is aware of the laws, policies and procedures, which govern the conduct of visitors to the school campus. Parkside Intermediate uses continuing efforts to minimize the number of campus entrance and exit points used daily. Access to school grounds is limited and supervised on a regular basis by individuals, such as the campus supervisor; staff familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through areas that can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly. The campus has perimeter fencing.
To ensure the safety of pupils and staff and avoid potential disruptions, all visitors to the campus, except pupils of the school and staff members, must register immediately upon entering any school building or grounds when school is in session.

Parkside Intermediate has established a visible means of identification for visitors while on school premises (i.e. tag). Furthermore, the principal, designee or campus supervisor may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act.

Parkside Intermediate has developed a notice for disruptive individuals and, when appropriate, exercises the authority to remove a visitor or outsider from the campus. Law enforcement is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

Parkside Intermediate’s notice and removal system establishes sufficient documentation for civil law remedies as needed. For continuing disruptive behavior by a visitor or outsider, Parkside Intermediate shall contact the district office to determine whether to file for a temporary restraining order and injunction.

**SCHOOL SAFETY STRATEGY #6:** At Parkside Intermediate, effective procedures will followed to maintain a safe physical plant and school site.

**Enhancing Physical Safety Practices**
Schools can enhance physical safety by adjusting traffic flow patterns to limit potential for conflicts or altercations. Schools can enhance physical safety by having adults visibly present throughout the school building. This includes encouraging parents to visit the school.

Schools can enhance physical safety by conducting a building safety audit in consultation with the Office of Child Welfare and Attendance and/or law enforcement.

- Parkside Intermediate operates a closed campus, where pupils must have permission to leave the campus during school hours and only by parent permission or with a designated adult.
- Parkside Intermediate has attempted to minimize blind spots around the school facility.
- Parkside Intermediate prohibits posters in classroom windows.
- Parkside Intermediate has installed an alarm and surveillance system.
- Parkside Intermediate has set a priority to keep buildings clean and maintained.
• Parkside Intermediate has located its playground equipment where it is easily observed.
• Parkside Intermediate has limited roof access by keeping dumpsters away from building walls.
• Parkside Intermediate avoids decorative hedges and plants all new trees at least ten feet from buildings.
• Parkside Intermediate keep trees and shrubs closely trimmed to limit outside hiding places for people or weapons.
• Parkside Intermediate keeps the school grounds free of gravel or loose rock surfaces.
• Parkside Intermediate has designed its parking lots to discourage through traffic and to slow vehicles proceeding through the parking lot.
• Parkside Intermediate ensures vehicle access around the building(s) for night surveillance and emergency vehicles.
• Parkside Intermediate keeps a complete list of staff members who have keys to building(s).
• Parkside Intermediate does not allow graffiti to remain on walls. The procedure involves following the three “R’s” after discovery of graffiti—read, record (i.e. photograph or videotape) and remove. Inflammatory bathroom graffiti is removed daily upon discovery.
• Parkside Intermediate provides maximum supervision in heavy traffic areas.
• Parkside Intermediate has relocated safe activities near typical trouble spots (e.g. relocate a counselor’s office next to a corridor where problems have occurred.
• Parkside Intermediate has established two-way communication between the front office and each classroom.
• Parkside Intermediate offers school-or-community-based activities for students after school.
• Parkside Intermediate has instituted after-school academic and recreational programs for latchkey students.

SUSPENSION AND EXPULSION POLICIES

San Bruno Park School District

Board Policy

BP 5144.1

Students

Suspension and Expulsion

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

(cf. 5144 - Discipline)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the period of suspension or expulsion.

(cf. 6145 - Extracurricular and Co-curricular Activities)

Except in cases where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to him/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)
Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities. (Education Code 48900)

Zero Tolerance (Grades 7-8)

The Board supports a zero tolerance approach to serious offenses. This approach makes the removal of potentially dangerous students from the classroom a top priority. It ensures fair and equal treatment of all students and requires that all offenders be punished to the fullest extent allowed by law. Staff shall immediately report to the Superintendent or the Director of Student Services, any incidence of offenses specified in law, Board policy and administrative regulation as cause for suspension or expulsion.

The Superintendent or designee shall notify staff, students and parent/guardians about the district's zero tolerance policy and the consequences which may result from student offenses. He/she shall also ensure strict enforcement of this policy.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in regulation and law. (Education Codes 48911, 48915 and 48915.5)

(cf. 5119 - Students Expelled from other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Disabilities)

On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus and may fall behind in the course work. The Board believes that in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall establish a supervised in-house suspension program which meets the requirements of law for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated.
The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise. The Board recognizes that current law enables parents/guardians to be absent from work without endangering their employment status in order to attend a portion of their child's school day at a teacher’s request. Besides furthering improved classroom behavior, such attendance should promote positive parent-child interactions.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student’s parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student (Education Code 48900.1)

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school site rules for student discipline shall include procedures for implementing parental attendance requirements.
Decision not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of the law.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Codes 48900.1, 35291, 48980)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

REMOVAL FROM CLASS BY A TEACHER/PARENTAL ATTENDANCE

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in “Grounds for Suspension and Expulsion” above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student’s parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.
A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child’s classroom. This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.

2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.

3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.

4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

**SUSPENSION BY SUPERINTENDENT, PRINCIPAL OR PRINCIPAL’S DESIGNEE**

The Superintendent, principal or principal’s designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to
possess the item from a certificated school employee, with the principal or designee’s concurrence.

2. Brandishing a knife, as defined in Education Code 48915(g), at another person.

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under “Grounds for Suspension and Expulsion”.

5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student’s presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school
personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in
conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

**SUSPENSION BY THE BOARD**

The Board may suspend a student for any of the acts listed in “Grounds for Suspension and Expulsion” above and within the limits specified in “Suspension by Superintendent, Principal or Principal's Designee” above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in “Grounds for Suspension and Expulsion” occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student’s right privacy under Education Code 49073-49079. (cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student’s right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

**ON-CAMPUS SUSPENSION PROGRAM**

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.

2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.

4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

**AUTHORITY TO EXPEL**

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under “Mandatory Recommendation and Mandatory Expulsion.”

The Board also may order a student expelled for any of the acts listed under “Grounds for Suspension and Expulsion” upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

**MANDATORY RECOMMENDATION FOR EXPULSION**

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student’s expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.

2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.

3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.

5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

**MANDATORY RECOMMENDATION AND MANDATORY EXPULSION**

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee’s concurrence.

2. Brandishing a knife as defined in Education Code 48915(g) at another person.

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under “Grounds for Suspension and Expulsion” above.

5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.

2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weigh the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

a. Is the evidence sufficient to support consideration by the expulsion panel?

b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?

c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.
Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

**STUDENT'S RIGHT TO EXPULSION HEARING**

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

**WAIVER OF HEARING (DEFAULT PROCEEDINGS)**

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principal's letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.
When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

**RIGHTS OF COMPLAINING WITNESS**

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district’s suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days’ notice of his/her scheduled testimony at the hearing.

2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.

3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

**Written Notice of the Expulsion Hearing (Education Code 48918(b))**

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.

2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.

3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student’s or parent/guardian’s obligation, pursuant to Education Code 48915.1, to provide information about the student’s status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).

(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student’s parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student’s parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.

7. The opportunity to confront and question all witnesses who testify at the hearing.

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

CONDUCT OF EXPULSION HEARING

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another students privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative
procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board’s decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))
In cases where a search of a student’s person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

a. Any complaining witness shall be given five days’ notice before being called to testify.

b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.

c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.

d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.

e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.

f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:
(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.

(b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

(c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board’s decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

ALTERNATIVE EXPULSION HEARING: HEARING OFFICER OR ADMINISTRATIVE PANEL

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student’s teachers, and with the student’s parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the
hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

THE DISCIPLINE REVIEW PANEL

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:

a. Requests for expulsion from site principals or the Superintendent.

b. School site administrative requests for assistance (non-expulsion situations).

2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.
The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.

2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.

3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

**FINAL ACTION BY THE BOARD**

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under “Mandatory Recommendation and Mandatory Expulsion” above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the students rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.

2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)
Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).

2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)

3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)

4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)

5. Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

DECISION NOT TO ENFORCE EXPULSION ORDER

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior.

2. The seriousness of the misconduct.

3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.

3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.

4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.

5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.

6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.

7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

**RIGHT TO APPEAL**

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board’s decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

**POST-EXPULSION PLACEMENTS**

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.

2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.

3. Not housed at the school site attended by the student at the time of suspension.
(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under “Grounds for Suspension and Expulsion” may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

**READMISSION AFTER EXPULSION**

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)

2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student’s rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.

3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.

4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board’s decision regarding readmission.

5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)

6. If the Board denies the readmission of a student, the Board shall determine either to continue the student’s placement in the alternative educational program initially selected or to place the student in another program that serves expelled
students, including placement in a county community school. (Education Code 48916)

7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board’s determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

MAINTENANCE OF RECORDS

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student’s mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district’s request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

NOTIFICATIONS TO LAW ENFORCEMENT AUTHORITIES

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

OUTCOME DATA
The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.

2. The grounds for each recommended expulsion.

3. Whether the student was subsequently expelled.

4. Whether the expulsion order was suspended.

5. The type of referral made after the expulsion.

6. The disposition of the student after the end of the expulsion period.

Regulation SAN BRUNO PARK SCHOOL DISTRICT

approved: May 10, 2006 Redding, California
PROCEDURES FOR NOTIFYING TEACHERS ABOUT DANGEROUS PUPILS

Each September and February, all teachers are provided with a list of enrolled students who have one or more suspensions of a serious or violent nature. This list includes student suspensions for the current year plus the previous three years. The following procedure is used in notifying teachers of the suspension history:

1. Suspension lists are provided to each teacher using a routing sheet. All teachers sign the routing slip indicating their review of the data.
2. Teachers are advised about the confidential nature of the data.
3. All routing sheets and suspension reports are to be returned and filed in the school office.

To notify teachers of suspensions as they occur during the school year, the following process is used:

1. Teachers are provided with a copy of the student suspension form.
2. Teachers are advised about the confidential nature of the data.

When students are administratively transferred from one school to another for disciplinary reasons, teachers (to whom the student is assigned) at the new school are notified by the school administration and provided with written information about reasons for the student's transfer and a copy of the student's behavior contract. Copies of the written notice are maintained in the school office.

When the district receives information from the juvenile court system that a student has been convicted of the serious or violent crime requiring teacher notification, the principal and the teachers are provided with written notice from the district Student Services Department. Copies of this notice are maintained in the school office and the district Student Services' Office.

San Bruno Park School District

Board Policy

BP 4119.11

Personnel

***Note: Education Code 231.5 mandates the district to have a written policy on sexual harassment.

Generally, courts recognize two types of conduct as constituting sexual harassment. “Quid Pro Quo” (“this for that”) sexual harassment is considered to have occurred when a person in a position of authority makes another individual's educational or employment benefits conditional upon that other person's willingness to engage in unwanted sexual behavior (e.g., promising a promotion for sex). "Hostile environment" sexual harassment, on the other hand, is conduct by the perpetrator that is so severe, persistent, or pervasive that it creates a hostile, intimidating, or abusive educational or professional environment for another. Sexual harassment also covers retaliatory behavior against a complainant, witness, or other participant in the complaint process.

Sexual harassment may be a violation of Title VII of the Civil Rights Act of 1964 (42 USC 2000e-2000e-17) and/or Title IX of the Education Amendments of 1972 (42 USC 2000h-2-2000h-6), as well as the California Fair Employment and Housing Act, Government Code 12900-12996.

Government Code 12940 and 34 CFR 106.9 extend protection against sexual harassment to job applicants. In addition, pursuant to Government Code 12940, employers may be held liable for sexual harassment committed against their workers by clients, customers, or other third parties if they knew or should have known of the harassment and failed to take immediate and appropriate corrective action to stop the harassment.***

The Governing Board prohibits sexual harassment of district employees and job applicants. The Board also prohibits retaliatory behavior or action against district employees or other persons who complain, testify or otherwise participate in the complaint process established pursuant to this policy and administrative regulation.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 4030 - Nondiscrimination in Employment)
The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation

2. Publicizing and disseminating the district's sexual harassment policy to staff

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

3. Ensuring prompt, thorough, and fair investigation of complaints

4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

All complaints and allegations of sexual harassment shall be kept confidential to the extent necessary to carry out the investigation or to take other subsequent necessary actions. (5 CCR 4964)

Any district employee or job applicant who feels that he/she has been sexually harassed or who has knowledge of any incident of sexual harassment by or against another employee, a job applicant or a student, shall immediately report the incident to his/her supervisor, the principal, district administrator or Superintendent.

A supervisor, principal or other district administrator who receives a harassment complaint shall promptly notify the Superintendent or designee.

***Note: In Faragher v. City of Boca Raton, one of the factors relied on by the court in finding liability for harassment by a supervisor was the failure of the policy to provide an assurance to its employees that harassing supervisors may be bypassed in registering complaints. ***

Complaints of sexual harassment shall be filed in accordance with AR 4031 - Complaints Concerning Discrimination in Employment. An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

(cf. 4031 - Complaints Concerning Discrimination in Employment)

Any district employee who engages or participates in sexual harassment or who aids, abets, incites, compels, or coerces another to commit sexual harassment against a district employee, job applicant, or student is in violation of this policy and is subject to disciplinary action, up to and including dismissal.

Policy SAN BRUNO PARK SCHOOL DISTRICT

Adopted: February 8, 2006 San Bruno, California
SCHOOL DRESS CODE

San Bruno Park School District

Board Policy

BP 5132

Students

Dress and Grooming

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

(cf. 4119.22 - Dress and Grooming)

(cf. 5145.2 - Freedom of Speech/Expression)

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

(cf. 5144 - Discipline)

Gang-Related Apparel

***Note: Education Code 35183 authorizes the Board to approve a site-initiated plan that prohibits the school's students from wearing gang-related apparel. The definition of "gang-related apparel" must be limited to apparel that reasonably could be determined to threaten the health and safety of the school environment, and the Board approving the school plan must determine that the policy is necessary for the health and safety of students. In Marvin H. Jeglin et al v. San Jacinto Unified School District et al, a federal district court held that in order to justify a gang-related dress code, there must be evidence of a gang presence at a school and actual or threatened disruption or material interference with school activity. Education Code 35294.1 specifies that for the purpose of establishing a schoolwide dress code, gang-related apparel shall not be considered a protected form of speech pursuant to Education Code 48950.***
District policy should not include a districtwide prohibition against wearing gang-related apparel; pursuant to Education Code 35183, such a dress code must be initiated at the school-site level and apply only to the school where it is initiated.

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5136 - Gangs)

Uniforms

***Note: Education Code 35183 authorizes the Board to approve a site-initiated plan that requires a school's students to wear uniforms. The Board approving such a plan must determine that the policy is necessary for the health and safety of students.***

In order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal, staff and parents/guardians at a school may establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

***Note: Pursuant to Education Code 35183, if the Board approves a plan requiring uniforms, it must provide a method whereby parents/guardians may choose to have their children exempted from an adopted school uniform policy, and the Board's policy must state that such students shall not be penalized academically, otherwise discriminated against or denied attendance to school.***

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

***Note: Pursuant to Education Code 35183, a policy requiring uniforms may not be implemented without the availability of resources to assist economically disadvantaged students. In Hartzell v. Connell, the California Supreme Court stated that public schools may not charge a fee for any activity that is part of the
regular school program. It is arguable that requiring uniforms would be considered a violation of Hartzell since the cost of the uniform could be deemed a "fee." However, the California Supreme Court in Arcadia Unified School District v. California Department of Education indicates that a court might find clothing was not an "essential element of school activity." Although the district's responsibility in this area is not clear, Boards with schools requiring uniforms are required to address this matter.***

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms.

Enforcement of Standards

Employees are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of a violation of these standards, to immediately intervene or call for assistance. If an employee believes a matter has not been resolved, he/she shall refer the matter to his/her supervisor or administrator for further investigation.

Students who violate district or school rules and regulations may be subject to discipline, including but not limited to suspension, expulsion or transfer to alternative programs in accordance with Board policy and administrative regulation. In addition, when the conduct involves intimidation, harassment, or other endangerment of a student or employee, the Superintendent or designee shall provide appropriate assistance as necessary for the victim and the offender or make appropriate referrals for such assistance.

Policy SAN BRUNO PARK SCHOOL DISTRICT

adopted: January 12, 2005 San Bruno, California
BLOOD BORNE PATHOGENS – SAFETY PRACTICES

PROCEDURES AND REGULATIONS

1. General

1.1. While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

1.2. Assessment

Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

a. Behavior, neurological development and physical condition of the child;
b. Type of interaction expected with others.
c. What the potential is for exposure
d. Areas for potential for exposure
e. How exposure may happen
f. Who needs to know?
g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.
2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

a. Upon being notified of the team’s concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

**Employees**

2.6. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

2.7. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

2.8. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

2.9. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

2.10. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

a. Upon being notified of the Superintendent’s concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

**3. Hygienic Safety Practices**

3.1. All employees will follow “Universal Infection Control Precautions” by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

a. Routinely using gloves when anticipating contact with blood

b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

3.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.
3.3. Schools’ medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

3.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

4. Universal Precautions

4.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.

b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.

c. Use disposable absorbent material like paper towels to stop bleeding.

d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.

e. Cover cuts or scratches with a bandage until healed.

f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution). Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

5. Identification of Risks of Occupational Exposure

5.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district’s Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.
5.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

5.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention.
PROCEDURES TO ENSURE A SAFE AND ORDERLY ENVIRONMENT

RULES AND PROCEDURES ON SCHOOL DISCIPLINE

PHILOSOPHY OF DISCIPLINE

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).

- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.

- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.

- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

ELEMENTS OF A GOOD DISCIPLINE PROGRAM

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.

2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)

3. Rules and procedures are clearly understood by staff and students.

4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.

5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.

7. Program is structured to keep students in class and engaged in the educational process.

8. Rules are enforced:
   A. by all staff members at all times.
   B. strictly, but not rigidly (beware of "automatics").
   C. in substantial part by adult modeling.
   D. using techniques that promote the growth of positive self-esteem.
   E. as close to the source as is possible.
   F. by keeping parents informed.

9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

**PRINCIPAL'S STATEMENT TO PARKSIDE INTERMEDIATE STAFF**

**EXPECTATIONS IN DEVELOPING & MAINTAINING DISCIPLINE**

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/department members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers within a village will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.

3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.

4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.

5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.

6. The written referral will be explicit in stating the offense(s).

7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.

8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.

2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.

4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridors.

2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your school.

2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.

3. If possible, talk privately to the student about your concerns.

4. Behavior concerns—look through students’ CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension.

5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents’ questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.

6. Academic Concerns—Again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students’ teachers, and perhaps the psychologist
