Our multi-disciplinary teams are here to support you with integrated, whole person care. We welcome the opportunity to work alongside you and look forward to providing services that will help you achieve your goals.

GETTING STARTED

You may request to start services by walking into any of our outpatient clinic locations (back page of this booklet) or by calling (253) 833-7444. Valley Cities offers both in-person and virtual (telehealth) appointment options.

BENEFITS AND PAYMENT

We will verify your insurance and benefits before any appointments are scheduled. We will ask for a copy of your insurance card as verification. You may also be asked to show your state issued driver’s license or identification card.

In the event that your insurance benefits change, a
sliding fee scale (based on your income and household size) may be available. All sliding-scale services must be deemed necessary and approved by Valley Cities. Please note that all sliding-scale discounts are a limited resource and may not be available at the time you request them.

If there are any questions or concerns about your benefits, you may use one of the following resources or speak to one of our staff.

SERVICE ANIMALS/PET POLICY

hearing impaired to intruders, or pulling a wheelchair and fetching dropped items.” In compliance with the ADA, service animals are welcome in all agency buildings. A service animal is not a pet. If you have a disability and use a service animal as an auxiliary aid, you always have a responsibility to care for and be in full control of the animal. This generally means that the animal must be leashed or in a carrier when you are in common areas and the animal is expected to be well behaved. If a service animal is unruly or disruptive, we may ask you to remove the animal from the immediate area. Remember, you are liable for any damage the animal causes.
