ADAM FREDERICKS – WEST SEGMENT
ALLOTMENT 15122,
SE₁⁄₄SE₁⁄₄NW₁⁄₄NW₁⁄₄, SECTION 33, T. 148 N., R. 92 W., DUNN COUNTY, 5TH PM OF NORTH DAKOTA
Congress has expressly included Indian tribes throughout The Agriculture Improvement Act of 2018, which is the 2018 Farm Bill. The Natural Resources Conservation Service (NRCS) is bound to establish and strengthen communications, working relations, and farm bill implementation with Indian tribes. The purpose of this meeting is to gain input, capture questions, needs, and concerns of the tribe.

Mary Podoll, North Dakota State Conservationist, will be attending the meeting. Her status would be similar to that of an Agency Superintendent. Mary announced the intent for individual tribal consultation at the State Technical Committee meeting in March 2020. Wendy Bartholomay, Assistant State Conservationist for Field Operations, will also be attending. She supervises the western half of North Dakota. Wendy is my supervisor.
