Position Title: Marymoor Bird Loop Habitat Restoration Lead Volunteer

Purpose: The Marymoor Park Bird Loop Habitat Restoration Lead Volunteer acts as a member of a team to provide environmental stewardship for 40+ acres of Natural Areas in Marymoor Park. They help facilitate monthly habitat restoration events and plan a long-term management strategy in partnership with King County.

Key Responsibilities:

- Help set up and put away supplies and tools at events.
- Work as a member of a team to provide leadership during events. Tasks may include:
  - Greeting volunteers and ensuring they fill out roster appropriately.
  - Leading small groups of volunteers (2-7) to complete event tasks, such as planting, mulching, or removing noxious plant species.
  - Being a safety advocate to volunteers - encourage safe tool practices and speak up if you see something that makes you uncomfortable.
  - Driving the Gator utility vehicle.
  - Submitting event reports and email rosters to King County.
  - Acting as representative of Eastside Audubon Society by wearing blue vest, answering questions, and engaging with volunteers.
- Additional tasks during and between events may include:
  - Cleaning and repairing equipment and organizing the sheds.
  - Assisting to plan event tasks for each month
  - Acting as photographer during events and writing blog post.
  - Attending planning events to create long-term management plan.

Qualifications: Comfortable being outside and working with people.

Responsible to: Marymoor Park Bird Loop Habitat Restoration Program Manager

Time Commitment: Attend as many events as possible, with a minimum of 3 per year. Habitat restoration events occur on the first Saturday of every month from 9am to noon. We ask lead volunteers to arrive and leave approximately 0.5 - 1 hours before and after the events. Planning events happen on an as needed basis, approximately 4 times a year, and are set based on the availability of leadership team members. Estimated potential total hours: 5 hours per month with an additional 3 hours every quarter, so up to 96 hours a year.

Support and Training: The Marymoor Park Bird Loop Habitat Restoration Project Manager and leadership team are ready to support new lead volunteers as they learn the role. Additional training may be provided by King County.
