Voter’s Choice Act (VCA)

- The California Voter’s Choice Act as passed in 2016 to:
  - Modernize elections in California
  - Allow counties to conduct elections under a new model
  - Provide greater flexibility and convenience for voters

- Under the VCA every registered voter in participating counties would be mailed a ballot.

- Traditional polling places will be replaced by vote centers where voters will have the freedom to cast a ballot in-person at any vote center in their county instead of being tied to a single polling location.
VCA Key Elements

This new election model allows voters to choose how, when, and where to cast their ballot by:

- Mailing every voter a ballot
- Expanding in-person early voting
- Allowing voters to cast a ballot at any vote center within their county
VCA Key Elements

Vote Centers look and feel like polling places, but provide additional modern features to make voting easy and convenient.

- At any vote center in a participating county, a voter may:
  - Vote in-person
  - Drop off their ballot
  - Get a replacement ballot
  - Vote using an accessible voting machine
  - Get help and voting material in multiple languages
  - Register to vote or update their voter registration

- Drop-off locations must be secure, accessible to voters with disabilities, and located as near as possible to public transportation routes.
