2022 REDISTRICTING QUALITY ASSURANCE TOOL

BLAKE EVANS, GEORGIA ELECTIONS DIRECTOR
JULY 20, 2022
OVERVIEW OF GEORGIA

- 159 Counties
- 7,737,601 voters (as of July 18, 2022)
GEORGIA REDISTRICTING TIMELINE

- Our office began training counties in the Summer of 2021 to prepare them for redistricting.
- Governor signed state and federal lines into law in late December 2021.
- The General Assembly began approving local lines in January 2022.
- County election officials began conducting redistricting activities in the voter registration system immediately following the approval of their lines.
OUR CONCERN

- How do we reasonably make sure that county election officials have correctly assigned the correct districts to voters?
THE GOAL OF OUR QUALITY ASSURANCE TOOL

- Provide county election officials a simple and easy tool to use that would flag voters who have incorrect district assignments based on new state and federal lines.
WHAT DID THE TOOL DO?

- The tool placed voters on a map and then flagged for review any voters who appeared to be mapped in a US Congressional, State Senate, and/or State House district that was different than the value on their voter registration record.
OVERVIEW OF PROCESS

- Vendor partners for this project: Esri and Blue Raster.

FILES AVAILABLE FOR DOWNLOAD AND REVIEW

- Voter records to review
  - Flagged addresses that appear to have a different district assignment in the voter registration system compared to where they are mapped.
- Addresses that were not mapped
LOOKING AHEAD

- We plan to continue using the tool for monthly list maintenance activities.
  - We will geocode one voter file per month so counties can review flagged records.
QUESTIONS
Thank you!
