Help us make _____ Middle School a cell phone free place for our kids. Middle school years are tough. There are a lot of distractions, emotional growth and self-acceptance that happens. Cell phones and social media apps make the rocky road much rockier. Did you know that more than 55% of middle schools allow cell phone access during the day? Did you know that more than 80% of parents surveyed by Screensagers: Growing Up in the Digital Age, said they DID NOT want their child to have access to their phones during school hours? This petition will help convince the school administration to keep cell phones "Away for the Day" during school hours.
