EXPERIENCE

Texas State University - LBJ Student Center
Student Designer, January 2017 – May 2018

Worked for the PALM marketing office within the LBJ Student Center of Texas State University designing and delivering polished final products to other departments within the student center. I've taken part in the creation of various handbills, posters, banners, stickers and more.

NB Signs & Designs

Designer and Sign Assembler, April 2014 – August 2014

Throughout this job I had the opportunity to work with other designers in order to create signage, logos, t-shirts, stickers and more. I learned a lot about design trends, time management, and important business skills. I was taught to follow certain guidelines in order to create a pristine final product for our various clients.
