Setting up direct deposits

Direct deposit means adding funds electronically into a bank account rather than through a physical, paper check.

You can give your employer or other organizations your account information to let them deposit money into your account directly. Download the direct deposit form in your account and give it to your organization. It contains all the information they need to deposit funds directly into your account.

The instructions are on the next page.

Getting help

The **Help** link at the top right of every EasyWeb page brings up a help window with information that applies to that page.

A screenshot of a web browser window showing a help page. The browser's address bar displays the URL: td.intelliresponse.com/easyweb/index.jsp?requestType=No... The page features the TD logo in a dark green header. Below the header, there is a navigation link '< Back'. The main heading reads 'How can we help you?'. A search input field contains the text 'Have a question about Payments'. Below the input field is a prominent green button labeled 'Ask Us'. At the bottom of the window, there is a message: 'We matched that to: Have a question about Payments? Use our Search box above to find the answers you're'. The browser window also shows standard navigation icons (back, forward, home, refresh) and window controls (minimize, maximize, close).
