List of issues in relation to the consolidated third to fifth periodic reports of Ghana

The State party is requested to submit in writing additional, updated information, if possible before 15 March 2015 (10,700 words maximum).

The Committee may take up any aspects of the children’s rights set out in the Convention during the dialogue with the State party.

Part I

In this section, the State party is requested to submit its responses to the following questions (30 pages maximum).

1. Please provide information on the measures taken to guarantee the implementation of all legislation in the area of children’s rights.

2. Please inform the Committee on the content of the Ghana Shared Growth and Development Agenda (2014-2018), Child and Family Welfare Policy and Justice for Children policy, and indicate whether such policies and agendas are adopted, implemented and provided with sufficient resources. Please also indicate whether there are mechanisms established to monitor and evaluate effectiveness of such policies and agendas.

3. Please clarify the mandate and capacity of the Ministry of Women’s and Children’s Affairs, in terms of its human, financial and technical resources, to coordinate the implementation of children’s rights across relevant sectors and from national, regional to local levels.

4. Please provide detailed information on the measures taken to eliminate de facto discrimination against all children in vulnerable situations such as girls, children with disabilities, children of asylum seekers, children of immigrants, children infected and/or affected by HIV/AIDs and children in streets situations.

5. Please inform the Committee on the measures taken to increase the birth registration of all children in the State party, including new-born children and those who have not been
registered at birth. Please also indicate the measures taken to raise awareness on the importance of birth registration among parents and professionals.

6. Please inform the Committee on the actions taken by the State party to fully prohibit corporal punishment of children in all settings as well as to educate its public with a view to changing its belief in violent discipline. Please indicate what mechanisms exist for children victims of abuse and violence to seek remedy and protection from perpetrators.

7. In the light of reports that informal kinship and informal foster care mechanisms which have been common in the State party are under strain due to socio-economic pressures on informal foster families, please clarify what measures the State party has prepared in order to accommodate and care for children who are deprived of family environment.

8. Please indicate the steps taken to include children with disabilities into the regular educational system and in society by providing special training for teachers, educating parents and making the physical environment, including sports and leisure facilities and all other public areas, accessible for children with disabilities.

9. In the light of reports that children with mental disabilities are confined to psychiatric institutions where they are subjected to inhuman and degrading treatment, please inform the Committee what alternative measures exist for children with mental disabilities to live in a community and family type environment and receive the necessary support, including stimulation for their adequate development.

10. Please provide detailed information on the progress made by the State party in providing access to quality health services, as well as access to water and sanitation in rural areas. Please also inform the Committee on the measures taken to further decrease the number of children who suffer from stunting and malnutrition.

11. Please inform the Committee on the measures taken to combat the spread and effects of HIV/AIDS, by training professionals, conducting education campaigns on prevention, improving the mother to child transmission programmes, providing free antiretroviral medication and improving protection and support to AIDS orphans.

12. Please indicate the measures taken by the State party to strengthen its legislative measures and conduct awareness raising campaigns to eradicate harmful traditional practices such as female genital mutilation, early marriages and Trokosi.

13. While noting the achievements of the State party in reducing the overall poverty, please clarify the reasons behind the increasing inequality in income distribution and increasing poverty among children.

14. Please provide detailed information on the reasons behind the increase in private education and the low quality of public education, including lack of teachers and teacher absenteeism, in the State party, limiting access to quality education for children who cannot afford private school tuitions.

15. Please inform the Committee on the measures taken to eradicate the worst forms of child labour, including in mining and quarrying, fisheries and commercial sexual exploitation, and establish control on the working conditions of economically active children above the age of 15 years.

16. Please provide information on the measures taken to ensure that children in conflict with the law are detained only as a measure of last resort and for the shortest possible time. Please also inform the Committee on the measures taken to ensure that children are not detained with adults and are provided with education and leisure activities during their time in detention both in prisons and correctional centres.
Part II

In this section the Committee invites the State party to provide a brief update (no more than three pages in length) on the information presented in its report regarding:

(a) New bills or laws, and their respective regulations;
(b) New institutions (and their mandates) or institutional reforms;
(c) Recently introduced policies, programmes and action plans and their scope and financing;
(d) Recent ratifications of human rights instruments.
