

**BEFORE THE BOARD OF DIRECTORS OF THE  
INDIAN WELLS VALLEY GROUNDWATER AUTHORITY**

---

**In the matter of:**

**Ordinance No. 01-20**

**REQUIRING THE INSTALLATION OF, USE OF AND  
REPORTING ON METERING EQUIPMENT FOR  
GROUNDWATER EXTRACTION FACILITIES IN  
THE INDIAN WELLS VALLEY GROUNDWATER BASIN.**

---

I, April Nordenstrom, Clerk of the Board of Directors for the Indian Wells Valley Groundwater Authority, do certify that the following ordinance, on motion of Director Hayman, seconded by Director Kicinski, was duly passed and adopted by the Board of Directors at an official meeting this 19<sup>th</sup> day of March, 2020, by the following vote:

**AYES: Gleason, Hayman, Kicinski, Page, Vallejo**

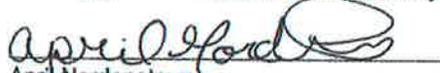

**NOES: None**

**ABSENT: None**

  
Mick Gleason, Chairman of the Board  
Indian Wells Valley Groundwater Authority

**ATTEST:**

Clerk of the Board of Directors  
Indian Wells Valley Groundwater Authority

  
April Nordenstrom

---

**WITNESSETH**

(a) The Indian Wells Valley Groundwater Authority ("Authority") was formed for the express purpose of cooperatively carrying out the requirements of the Sustainable Groundwater Management Act ("SGMA"), including, but not limited to, the funding, development, adoption and implementation of a Groundwater Sustainability Plan ("GSP") that achieves groundwater sustainability in the Indian Wells Valley Groundwater Basin.

(b) The Authority is the exclusive Groundwater Sustainability Agency for the Indian Wells Valley Groundwater Basin, which is designated as Basin number 6-54 in Department of Water Resources' Bulletin No. 118.

(c) The Authority adopted the “Groundwater Sustainability Plan for the Indian Wells Valley Groundwater Basin” on January 16, 2020.

(d) A fundamental component of the Groundwater Sustainability Plan for the Indian Wells Valley Groundwater Basin is the accurate measurement, reporting and monitoring of groundwater extractions and, with the exception of certain extraction facilities, SGMA provides the Authority with the express power to require the metering of all extraction facilities in the Basin.

(e) The Authority has reviewed and considered the environmental impacts of this action and concluded that this action is exempt from further environmental review pursuant to California Environmental Quality Act Guidelines section 15273 and Public Resources Code section 21080(b)(8) because it is for the establishment of operational rates and charges. Additionally, it has been determined that this action is exempt from further environmental review pursuant Guidelines section 15061(b)(3) because it can be seen with a certainty that this action will not have a significant effect on the environment. Moreover, it has been determined that this action is exempt from further environmental review pursuant Guidelines section 15378(b)(5) because it involves administrative activities that will not result in direct or indirect physical changes in the environment.

**NOW THEREFORE**, the Board of Directors of the Indian Wells Valley Groundwater Authority ordains as follows:

**ARTICLE 1. GENERAL**

**Section 1. Title**

This Ordinance shall be known as the “Metering Ordinance of the Indian Wells Valley Groundwater Authority.”

**Section 2. Jurisdictional Findings**

This Board finds that the recited facts are true and that it has the jurisdiction to consider, approve, and adopt this Ordinance.

**Section 3. Effective Date**

This Ordinance shall take effect thirty days after its adoption on the 18th day of April 2020 and it shall remain in full force and effect until expressly rescinded, and/or amended, by the Authority’s Board of Directors.

**Section 4. Certification**

The Clerk of the Board of Directors shall certify the passage and adoption of this Ordinance and shall cause the same to be published in accordance with applicable law.

**Section 5. Definitions**

As used in this Ordinance, the following terms shall have the meanings stated below:

- A) **“Authority”** shall mean and refer to the Indian Wells Valley Groundwater Authority.

- B) **“Basin”** shall mean and refer to the Indian Wells Valley Groundwater Basin which is designated in DWR Bulletin 118 as Basin No. 6-54.
- C) **“De Minimis Extractor”** shall mean and refer to any person who extracts, for domestic purposes, two acre-feet or less per year.
- D) **“Extraction”** shall mean and refer to the act of obtaining groundwater by pumping or other controlled means.
- E) **“Extraction Facility”** shall mean and refer to any device or method used (e.g. water well) for the extraction of groundwater within the Basin.
- F) **“Groundwater”** shall mean and refer to any and all waters found beneath the surface of the earth.
- G) **“Groundwater Extractor”** shall mean and refer to a person who operates a groundwater Extraction Facility. The owner of land upon which a groundwater Extraction Facility is situated shall be conclusively presumed to be the operator unless a satisfactory showing is made to the Authority that the Extraction Facility is operated by some person other than the owner.
- H) **“Groundwater Well Flowmeter Standards”** shall mean and refer to the Authority’s adopted standards setting forth meter specifications and containing information from meter manufacturers, distributors, installers and accuracy testers.
- I) **“Hour Meter”** shall mean and refer to a manufactured instrument for accurately measuring and recording elapsed pumping times in hours and tenths of an hour.
- J) **“Metering Equipment”** shall mean and refer to both the primary and secondary metering equipment used to record extractions by an Extraction Facility.
- K) **“Person”** shall mean and refer to any person, firm, association, organization, partnership, business trust, corporation, limited liability company or company.
- L) **“Water Meter”** shall mean and refer to a manufactured instrument for accurately measuring and recording the flow of water in a pipeline.
- M) **“Water Year”** shall mean and refer to the period from October 1 through the following September 30, inclusive.

## **ARTICLE 2. INSTALLATION AND USE OF METERING EQUIPMENT**

### **Section 1. Extraction Facility Metering Installation Requirements**

Groundwater Extractors in the Basin shall, at their own expense, install a Water Meter and an Hour Meter on each, and every one, of their Extraction Facilities by no later than June 1, 2020.

## **Section 2. De Minimis Extractor Exemptions to the Metering Requirements.**

De Minimis Extractors are exempt from the requirements of this Ordinance provided that they have registered their Extraction Facility with the Authority.

## **Section 3. Federal Extraction Facility Metering**

Federally owned Extraction Facilities are exempt from the requirements of this Ordinance.

## **Section 4. Primary Metering Equipment Requirements**

Water Meters, installed in conformance with the Authority's then adopted "Groundwater Well Flowmeter Standards," shall be used as the primary metering device on all Extraction Facilities in the Basin by no later than June 1, 2020.

## **Section 5. Secondary Metering Equipment Requirements**

Hour Meters, installed in conformance with the Authority's then adopted "Groundwater Well Flowmeter Standards," shall be used as the secondary metering device on all Extraction Facilities in the Basin by no later than June 1, 2020.

## **Section 6. Metering Equipment Exemptions**

If special circumstances exist which make it impossible for a Groundwater Extractor to meet either of the metering requirements of this Ordinance, the Groundwater Extractor may make a written request for an alternative measuring requirement by no later than May 1, 2020. The request must be provided in writing and it must set forth a specific alternative method for measuring Extractions from the Extraction Facility.

# **ARTICLE 3. METER TESTING REPORTS AND REPAIRS.**

## **Section 1. Meter Testing**

All Metering Equipment shall be checked for accuracy, in accordance with the Authority's then adopted "Groundwater Well Flowmeter Standards," by August 1, 2020, and every 2 years thereafter, by a person qualified to test, repair, and install such equipment. In addition, whenever Metering Equipment is installed or repaired, it shall be checked for accuracy, in accordance with the Authority's then adopted "Groundwater Well Flowmeter Standards," by a person qualified to test, repair, and install meters.

## **Section 2. Accuracy Test Report Submission**

All Groundwater Extractors shall submit a test report, in accordance with the Authority's then adopted "Groundwater Well Flowmeter Standards," on an Authority provided form by August 1, 2020, and every 2 years thereafter, certifying the Metering Equipment accuracy.

### **Section 3. Inaccuracy Reporting and Repair**

Metering Equipment found to be in error by more than 3 percent (3%) shall be immediately reported to Authority and repaired, or replaced, by the Extractor.

### **Section 4. Special Circumstances Requiring Further Accuracy Testing**

If the Authority has reason to believe that Extraction reported from an Extraction Facility is in error, the Authority may, at its sole discretion, order the Extractor to immediately have the Extraction Facility's Metering Equipment checked for accuracy, in accordance with the Authority's then adopted "Groundwater Well Flowmeter Standards," by a person qualified to test, repair, and install meters.

## **ARTICLE 4. ANNUAL EXTRACTION STATEMENT**

On, or before, June 1, 2020, and thereafter annually on, or before, each November 1st, all Extractors must provide the Authority with an Annual Extraction Statement ("Statement") on a form provided by the Authority. The Annual Extraction Statement will report on the Extractions over the last Water Year from each Extraction Facility operated by the Extractor.

## **ARTICLE 5. IMPLEMENTATION ASSISTANCE**

Groundwater Well Flowmeter Standards will be developed, adopted and periodically reviewed by the Authority. The adopted Standards shall set forth meter specifications and it will contain information from meter manufacturers, distributors, installers and accuracy testers.

## **ARTICLE 6. ENFORCEMENT PENALTIES**

### **Section 1. Violations**

Violations of this Ordinance shall be subject to the provisions of all applicable laws including, but not limited to, the penalties and procedures set forth in Water Code section 10732.

### **Section 2. Altering of Metering Equipment.**

Any person who individually, or through direction to another, alters, adjusts, manipulates, obstructs, or in any manner interferes with, or tampers with, any groundwater Extraction Facility, and/or its Meter or Meter Equipment, shall be found to have intentionally violated this Ordinance and may be subject to potential criminal and civil penalties.

## **ARTICLE 7. AUTHORITY INSPECTION OF METERING EQUIPMENT**

The Authority may inspect metering equipment installations for compliance with this Ordinance at any reasonable time.
