Firewood Slot	10"X4'	15
Firewood Bundle	1' sq.	5.99
Delivery	Call or stop in for pricing!	

## What is a Yard?

### How much is a Yard of Material?

13½ bags (2 cubic ft) of mulch = 1 yard

27 cubic feet = 1 yard

21.7 bushels = 1 yard

40, five gallon buckets = 1 yard

**One cubic yard covers approximately 108 sq. ft. @ 3" deep.** To determine yardage for a different depth do length x width x depth = cubic feet then divide by 324 to get the cubic yardage.

1 cu yd at 1" deep = 324 sq ft

1 cu yd at 2" deep = 162 sq ft

1 cu yd at 3" deep = 108 sq ft

1 cu yd at 4" deep = 81 sq ft

1 cu yd at 5" deep = 65 sq ft
