SAN FRANCISCO, CA 94102

1 Account Number

This ten-digit PG&E number identifies your account. You'll need this to check your account status or make changes to your CleanPowerSF service.

2 PG&E Delivery Charges

PG&E charges for the delivery of electricity to your home or business. It includes the cost of maintaining the power lines and responding to outages in your area.

3 CleanPowerSF Electric Generation Charges

These are CleanPowerSF's charges for the electricity you use at your home or business. These charges replace what PG&E would have billed you for your electricity; **this is not an additional charge.**

4 Total Amount Due

Pay this amount to PG&E. With CleanPowerSF, there are no changes to how you pay your utility bill.

5 Tier Usage

This marker shows the highest tier you are being charged at. If your electric use is more than your Tier 1 Allowance, which is set by state law, the price you pay per kWh will increase.

2016 Vintaged Power Charge Indifference Adjustment

Average Daily Usage (kWh / day)		
Last Year	Last Period	Current Period
80.19	40.25	42.47

Service Information
Meter # 1006206792
Current Meter Reading 14.095
Prior Meter Reading 12.821
Total Usage 1,274.000000 kWh
Baseline Territory T
Heat Source B - Not Electric
Serial S
Rotating Outage Block 50

Additional Messages
Your energy consumption this month exceeded four times your Baseline Allowance (Tier 1), which is significantly above typical household usage. As a result, you have incurred a state-mandated charge for this High Usage. Please visit pge.com/highusage to take advantage of tools, free programs, and cost-saving tips to help decrease your likelihood of incurring this charge in the future.

6 Generation Credit

This the amount PG&E would have charged you if they provided your generation service. Because you are a CleanPowerSF customer, PG&E credits this amount back to you.

7 Power Charge Indifference Adjustment

PG&E collects this fee to cover the above-market costs of energy they acquired on your behalf prior to becoming a CleanPowerSF customer.

8 Franchise Fee Surcharge

This fee is collected by PG&E to pay for the right to use public streets to run gas and electric service.

9 Rate Schedule

Your rate schedule is based on your selected PG&E rate and determines how you are charged for the electricity provided by CleanPowerSF.

10 SuperGreen

If you've upgraded to SuperGreen 100% renewable energy, you'll see an additional per kilowatt hour charge. This only applies to SuperGreen customers.

11 Energy Surcharge

This tax is collected on behalf of the California Energy Commission. It was previously included in PG&E's generation charges.

Understanding Your Net Energy Metering (NEM) Bill

The following bill components are for CleanPowerSF customers with solar panels on their homes or businesses.

ENERGY STATEMENT
www.pge.com/MyEnergy

Account No: 123456789
Statement Date: 06/24/16
Due Date: 07/11/16

Details of PG&E Electric Monthly Charges
05/02/2017 - 05/31/2017 (30 billing days)

Service For: 1
Service Agreement ID: 123456789
Rate Schedule: E1 T Residential Service
Enrolled Programs: Net Energy Metering (NEM)

Service Information

Meter #	1000000000
Consumption	72.831600 kWh
Net Generation	-511.530000 kWh
Total Usage	-438.698400 kWh
Baseline Territory	T
Heat Source	Net Electric
Serial	H
Rotating Outage Block	50

Minimum Delivery Charge ¹	30 days @ \$0.32854	\$9.86
Electric Monthly Charges		\$9.86

¹ The Minimum Delivery Charge is set by the CPUC. Your electric Minimum Delivery Charge for this period is \$9.86. This amount can include applicable discounts and may be deducted at True-Up if your total NEM Charges Before Taxes are greater than your total Minimum Delivery Charges.

1 Electric Monthly Charges

This is the sum of PG&E's minimum charges for electric delivery, which matches the charge on the summary page of your bill.

2 Production/Generation

This is the breakdown of electricity you either consumed from CleanPowerSF or generated from your solar PV system. Production indicates that your system produced more energy than you used. Generation indicates that you used more energy than your system produced.

3 Net Charges

This is total of CleanPowerSF charges and credits on your bill. A positive number expresses a charge, whereas a negative number expresses a credit.

4 Credit to NEM Balance/Charged to NEM Balance

This number represents the credits you earned over this billing period or credits deducted and applied to this bill.

5 CleanPowerSF NEM Credit Balance

The total credit amount that will carry forward and be applied to future CleanPowerSF charges until your Annual True Up.

6 CleanPowerSF NEM Energy Balance

Represents your total net energy usage and production since your last CleanPowerSF True-Up. A positive number indicates you are a net generator.
