

Solar Inverter Replacement Program Participating Installers June 2023

In order to receive Solar Inverter Replacement Program incentives, the inverter inspection and replacement work must be performed by a Participating Installer listed below.

These installers are GoSolarSF Certified Installers who originally installed GoSolarSF low-income systems and have agreed to participate in this program. They remain listed as a GoSolarSF Installer certified with the City's Office of Economic and Workforce Development (OEWD).

The Participating Installers listed below have a Contractors State License Board (CSLB) license and a City Business license. They also work in good faith with the City's Office of Economic and Workforce Development (OEWD) to employ San Francisco residents in 50% of all new hiring opportunities. Please note that certification is not an endorsement of service quality.

Solar Inverter Replacement Program Certified Installers

Company	Contact	CSLB License #	Phone Number	Email	Serving All Systems?
