iCOUNT MIAMI
JAN. 26 - 31, 2018
Miami-Dade's Youth Point-in-Time Count: Census of Youth Experiencing Homelessness

319 VALID SURVEYS
iCount Miami is a survey administered throughout Miami-Dade County via Youth Ambassadors, volunteers, and staff at partner agencies that youth frequent.

290 were in shelters or on the street*
218 were alone without a parent or legal guardian
106 were couch-surfing
169 were unemployed

70 were in the foster care system or stayed in a group home.
35 were pregnant and/or parenting.
279 youth surveyed were youth of color. 93 of them were Latinx.
104 were not in school.
39 are under the age of 18 and are alone.*

72 youth identified as LGBTQA+.
14 youth identified as transgender.
According to the Williams Institute, under 1% of the entire U.S. population identify as transgender.
However, almost 5% of youth experiencing homelessness in Miami-Dade County are transgender youth.

140
Youth said the lack of transportation was a barrier to accessing resources and services.

101
Youth said they did not know where to go for help.

70
Youth did not have identification. That prevented them from accessing services.

DIFFERENT DEFINITIONS
“Youth homelessness” is defined in several ways:
• 107 met the McKinney-Vento Homeless Assistance Act definition.
• 99 met the Department of Education definition.
• 26 met the Department of Housing and Urban Development definition.

ALSO OF NOTE:

(* These numbers are derived from the 2018 iCount Miami and the Homeless Trust's 2018 Inventory Count. These may include duplicates.)
