

Clinic Resources

Jocelyn Weber, LPCC-S

- Jocelyn is the Depression Care Manager for our Hoxworth Collaborative Care Clinic. She provides short-term therapy to our Hoxworth patients struggling with anxiety and depression.
- Convenient for patients because they can receive counseling at the same location as their medical care.
- Jocelyn works closely with Dr. Justin McCutcheon (IM-Psych).
- Who can be seen?
 - o Hoxworth patients with PHQ-9 score ≥ 10
 - o Depression/anxiety should be interfering with management of medical conditions. Otherwise healthy individuals should be referred to community counselors.
 - o Patients may not have other mental health disorders (i.e. no schizophrenia or bipolar disorder) or substance use disorder. These patients should be managed by a community agency (i.e. GCBH, Talbert House, Central Clinic).
- How do I refer?
 - o Enter "Referral to Psychiatry" order in Epic. Enter "Jocelyn Weber" as the provider.
 - o You may call Jocelyn when you place the referral and, if she is free, she might be able to come meet the patient and set up their first therapy appointment.
- Follow-up after referral:
 - o You might receive messages from Jocelyn during the course of her treatment with the patient with recommendations in regards to therapy.
