

## Bogle Farms Wedding Pricing

Bogle Farms is a 'Farm Destination' venue that uniquely offers both spectacular venues for weddings as well as on-site housing for up to 20 adult guests all conveniently located on property. Our pricing assumes that guests will utilize the available housing as well as their choice of our venues. Unlike many venues, this pricing is not for a few hours use of a single facility but entitles you to the exclusive use of the entire Farm for at least three days and two nights. Our strong recommendation is that bridal parties book for three nights (typically arriving Thursday) so adequate time is available for decorations, rehearsals, and preparations for your special day.

We offer two package options depending upon the level of involvement a couple wants to devote to their wedding weekend in terms of choosing all the vendors, planning etc. We also occasionally schedule a “One Day at the The Farm,” single day option.

Whether you want to be intimately involved in planning your entire weekend and coordinating with all the vendors and personally making major and minor decisions, OR if you “just want to get married!” and have some options but basically work with a team of professionals to plan your wedding---the Farm can accommodate your needs!
