Dear Mr. Anderson:

I am pleased to inform you that your enclosed anti-drug plan has been approved by the Federal Aviation Administration (FAA).

Under the terms of this approval, you are authorized to begin testing covered employees immediately.

The Federal Aviation Regulations require submission of semiannual and annual reports to the FAA Office of Aviation Medicine. Your initial report should be submitted by February 15, 1991, and should cover the period from initial implementation of your plan through December 31, 1990. A sample reporting format is enclosed for your use in preparing the required reports.

Please feel free to contact this office if you have any questions regarding this program. The identification number shown at the top of this letter should be included on any correspondence to the FAA concerning your drug testing program.

Sincerely,

Heidi Mayer
Manager, Drug Abatement Branch
Office of Aviation Medicine

Consolidated Aircraft, IAW CFR Part 120, maintains a drug and alcohol program (see attached Ops Spec A449). Consolidated also monitors all work to vendors, at any tier, for compliance with current FAA drug and alcohol rules.

Consolidated has on file a quality survey and Ops Spec for outside vendors. All subcontracted work orders have a statement requiring Consolidated be notified if the vendor is not an FAA repair station or lacks an FAA approved drug or alcohol program. This prevents any chance of vendor changes causing Consolidated to be out of compliance.

In addition, quotes from Consolidated to the customer will state that Consolidated and its vendors are in compliance with current FAA drug and alcohol rules.

In the event a vendor cannot comply with FAA drug and alcohol rules, Consolidated's inspection department will make a determination and notify the customer as applicable for work Consolidated Aircraft or its subcontractor performs.

Yours truly,

Gary Matza
Chief Inspector
