WARNING OF RISK

WARNING: although participation in interscholastic athletics and activities may be one of the least hazardous in which students will engage, **BY ITS NATURE, PARTICATION IN INTERSCHOLASTIC ATHLETICS INCLUCLUDES A RISK OF INJURY WHICH MAY RANGE IN SEVERITY FROM MINOR TO LONG TERM CATASTROPHIC, INCLUDING, BUT NOT LIMITED TO, PARALYSIS AND DEATH.** Although serious injuries are not common in interscholastic athletic programs, it's possible only to minimize, not eliminate the risk.

Participants can and do have the responsibility to help reduce the chance of injury to themselves and others. **ATHLETES MUST OBEY ALL SAFETY RULES, REPORT ALL PHYSICAL PROBLEMS TO THE ATHLETIC TRAINER AND COACH, FOLLOWING A PROPER STRENGTH AND CONDITIONING PROGRAM, INSPECT THEIR EQUIPMENT DAILY AND REPORT ANY PROBLEMS IMMEDIATELY TO THE COACH.**

By signing these statements, you the student and parents, acknowledge that you have read and understand this warning. **PARENTS OR STUDENTS WHO DO NOT WISH TO ACCEPT THE RISK DESCRIBED SHOULD NOT SIGH THIS SECTION.**

PARENTAL/GUARDIAN CONSENT TO RELEASE, TREAT AND HOLD HARMLESS

I, _____, give my permission for the sports medicine staff at Habersham county schools to evaluate and treat the above named student if he/she becomes injured while participating in interscholastic athletic activities. I authorize the school to obtain, through a physician of its own choice, any emergency care that may become reasonably necessary for the student in the course of such athletic activities or travel until such time that I can be notified. I authorize the release of any pertinent medical information from any treating physician or medical facility to the athletic trainers for Habersham County Schools where the knowledge is related to my sons/daughters athletic participation, treatment, and rehabilitation of the injury and welfare. **I also agree to hold harmless to the school, sports medical staff, coaching staff, administration, or anyone acting on the behalf of my son/daughter responsible for any injury occurring to the above named student in the course of such athletic activities, travel, or injury care.**

Signature of Parent(s) or Guardian(s)

Date

STUDENT STATEMENT OF COMPLIANCE AND ACCEPTANCE OF RISK

This application to compete in interscholastic activities is entirely voluntary on my part and is made with the understanding that I have not violated any of the eligibility rules and regulations of the Georgia High School Association of Habersham County Schools. I have read the above statements and accept all risk involved with my athletic participation and know and understand those risk. I have been given the opportunity to ask and gain more knowledge about said risk and accept those risks.

■ PREPARTICIPATION PHYSICAL EVALUATION

HISTORY FORM

Note: Complete and sign this form (with your parents if younger than 18) before your appointment.

Name: _____ Date of birth: _____

Date of examination: _____ Sport(s): _____

Sex assigned at birth (F, M, or intersex): _____ How do you identify your gender? (F, M, or other): _____

List past and current medical conditions. _____

Have you ever had surgery? If yes, list all past surgical procedures. _____

Medicines and supplements: List all current prescriptions, over-the-counter medicines, and supplements (herbal and nutritional). _____

Do you have any allergies? If yes, please list all your allergies (ie, medicines, pollens, food, stinging insects). _____

Patient Health Questionnaire Version 4 (PHQ-4)
 Over the last 2 weeks, how often have you been bothered by any of the following problems? (check box next to appropriate number)

	Not at all	Several days	Over half the days	Nearly every day
Feeling nervous, anxious, or on edge	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3
Not being able to stop or control worrying	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3
Little interest or pleasure in doing things	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3
Feeling down, depressed, or hopeless	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3

(A sum of ≥ 3 is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes.)

GENERAL QUESTIONS		
(Explain "Yes" answers at the end of this form. Circle questions if you don't know the answer.)		
	Yes	No
1. Do you have any concerns that you would like to discuss with your provider?	<input type="checkbox"/>	<input type="checkbox"/>
2. Has a provider ever denied or restricted your participation in sports for any reason?	<input type="checkbox"/>	<input type="checkbox"/>
3. Do you have any ongoing medical issues or recent illness?	<input type="checkbox"/>	<input type="checkbox"/>
HEART HEALTH QUESTIONS ABOUT YOU		
	Yes	No
4. Have you ever passed out or nearly passed out during or after exercise?	<input type="checkbox"/>	<input type="checkbox"/>
5. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?	<input type="checkbox"/>	<input type="checkbox"/>
6. Does your heart ever race, flutter in your chest, or skip beats (irregular beats) during exercise?	<input type="checkbox"/>	<input type="checkbox"/>
7. Has a doctor ever told you that you have any heart problems?	<input type="checkbox"/>	<input type="checkbox"/>
8. Has a doctor ever requested a test for your heart? For example, electrocardiography (ECG) or echocardiography.	<input type="checkbox"/>	<input type="checkbox"/>

HEART HEALTH QUESTIONS ABOUT YOU		
(CONTINUED)		
	Yes	No
9. Do you get light-headed or feel shorter of breath than your friends during exercise?	<input type="checkbox"/>	<input type="checkbox"/>
10. Have you ever had a seizure?	<input type="checkbox"/>	<input type="checkbox"/>
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY		
	Yes	No
11. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 35 years (including drowning or unexplained car crash)?	<input type="checkbox"/>	<input type="checkbox"/>
12. Does anyone in your family have a genetic heart problem such as hypertrophic cardiomyopathy (HCM), Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy (ARVC), long QT syndrome (LQTS), short QT syndrome (SQTS), Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia (CPVT)?	<input type="checkbox"/>	<input type="checkbox"/>
13. Has anyone in your family had a pacemaker or an implanted defibrillator before age 35?	<input type="checkbox"/>	<input type="checkbox"/>

■ PREPARTICIPATION PHYSICAL EVALUATION

PHYSICAL EXAMINATION FORM

Name: _____ Date of birth: _____

PHYSICIAN REMINDERS

- Consider additional questions on more-sensitive issues.
 - Do you feel stressed out or under a lot of pressure?
 - Do you ever feel sad, hopeless, depressed, or anxious?
 - Do you feel safe at your home or residence?
 - Have you ever tried cigarettes, e-cigarettes, chewing tobacco, snuff, or dip?
 - During the past 30 days, did you use chewing tobacco, snuff, or dip?
 - Do you drink alcohol or use any other drugs?
 - Have you ever taken anabolic steroids or used any other performance-enhancing supplement?
 - Have you ever taken any supplements to help you gain or lose weight or improve your performance?
 - Do you wear a seat belt, use a helmet, and use condoms?
- Consider reviewing questions on cardiovascular symptoms (Q4-Q13 of History Form).

EXAMINATION		
Height: _____	Weight: _____	
BP: _____ / _____ (_____ / _____)	Pulse: _____	Vision: R 20/ _____ L 20/ _____ Corrected: <input type="checkbox"/> Y <input type="checkbox"/> N
MEDICAL	NORMAL	ABNORMAL FINDINGS
Appearance • Marfan stigmata (kyphoscoliosis, high-arched palate, pectus excavatum, arachnodactyly, hyperlaxity, myopia, mitral valve prolapse [MVP], and aortic insufficiency)	<input type="checkbox"/>	
Eyes, ears, nose, and throat • Pupils equal • Hearing	<input type="checkbox"/>	
Lymph nodes	<input type="checkbox"/>	
Heart ^a • Murmurs (auscultation standing, auscultation supine, and ± Valsalva maneuver)	<input type="checkbox"/>	
Lungs	<input type="checkbox"/>	
Abdomen	<input type="checkbox"/>	
Skin • Herpes simplex virus (HSV), lesions suggestive of methicillin-resistant <i>Staphylococcus aureus</i> (MRSA), or tinea corporis	<input type="checkbox"/>	
Neurological	<input type="checkbox"/>	
MUSCULOSKELETAL	NORMAL	ABNORMAL FINDINGS
Neck	<input type="checkbox"/>	
Back	<input type="checkbox"/>	
Shoulder and arm	<input type="checkbox"/>	
Elbow and forearm	<input type="checkbox"/>	
Wrist, hand, and fingers	<input type="checkbox"/>	
Hip and thigh	<input type="checkbox"/>	
Knee	<input type="checkbox"/>	
Leg and ankle	<input type="checkbox"/>	
Foot and toes	<input type="checkbox"/>	
Functional • Double-leg squat test, single-leg squat test, and box drop or step drop test	<input type="checkbox"/>	

^a Consider electrocardiography (ECG), echocardiography, referral to a cardiologist for abnormal cardiac history or examination findings, or a combination of those.

■ PREPARTICIPATION PHYSICAL EVALUATION

MEDICAL ELIGIBILITY FORM

Name: _____ Date of birth: _____

Medically eligible for all sports without restriction

Medically eligible for all sports without restriction with recommendations for further evaluation or treatment of

 Medically eligible for certain sports

 Not medically eligible pending further evaluation

Not medically eligible for any sports

Recommendations: _____

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

Name of health care professional (print or type): _____ Date: _____

Address: _____ Phone: _____

Signature of health care professional: _____, MD, DO, NP, or PA

SHARED EMERGENCY INFORMATION

Allergies: _____

Medications: _____

Other information: _____

Emergency contacts: _____

Georgia High School Association

Student/Parent Sudden Cardiac Arrest Awareness Form

SCHOOL: _____

1: Learn the Early Warning Signs

If you or your child has had one or more of these signs, see your primary care physician:

- Fainting suddenly and without warning, especially during exercise or in response to loud sounds like doorbells, alarm clocks or ringing phones
- Unusual chest pain or shortness of breath during exercise
- Family members who had sudden, unexplained and unexpected death before age 50
- Family members who have been diagnosed with a condition that can cause sudden cardiac death, such as hypertrophic cardiomyopathy (HCM) or Long QT syndrome
- A seizure suddenly and without warning, especially during exercise or in response to loud sounds like doorbells, alarm clocks or ringing phones

2: Learn to Recognize Sudden Cardiac Arrest

If you see someone collapse, assume he has experienced sudden cardiac arrest and respond quickly. This victim will be unresponsive, gasping or not breathing normally, and may have some jerking (Seizure like activity). Send for help and start CPR. You cannot hurt him.

3: Learn Hands-Only CPR

Effective CPR saves lives by circulating blood to the brain and other vital organs until rescue teams arrive. It is one of the most important life skills you can learn – and it's easier than ever.

- Call 911 (or ask bystanders to call 911 and get an AED)
- Push hard and fast in the center of the chest. Kneel at the victim's side, place your hands on the lower half of the breastbone, one on top of the other, elbows straight and locked. Push down 2 inches, then up 2 inches, at a rate of 100 times/minute, to the beat of the song "Stayin' Alive."
- If an Automated External Defibrillator (AED) is available, open it and follow the voice prompts. It will lead you step-by-step through the process, and will never shock a victim that does not need a shock.

By signing this sudden cardiac arrest form, I give _____ High School permission to transfer this sudden cardiac arrest form to the other sports that my child may play. I am aware of the dangers of sudden cardiac arrest and this signed sudden cardiac arrest form will represent myself and my child during the 2021-2022 school year. This form will be stored with the athletic physical form and other accompanying forms required by the _____ School System.

I HAVE READ THIS FORM AND I UNDERSTAND THE FACTS PRESENTED IN IT.

Georgia High School Association

Student/Parent Concussion Awareness Form

SCHOOL: _____

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.)

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give _____ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2021-2022 school year. This form will be stored with the athletic physical form and other accompanying forms required by the _____ School System.

I HAVE READ THIS FORM AND I UNDERSTAND THE FACTS PRESENTED IN IT.
