INTRODUCTION

The first thirty-day special session ended yesterday, with no substantive progress on budget negotiations. The Governor called the legislature back into a second special session immediately. There remains little visible activity, but education funding discussions are reportedly happening privately. In his message announcing the second special session, the Governor effectively removed a capital gains tax from the revenue discussions.

The deadline for the Governor to sign or veto previously-passed bills was last week, and updates on those actions are outlined below.

LEGISLATION PERTINENT TO PORTS

ECONOMIC DEVELOPMENT

Economic Development in GMA. SB 5790 amended the Growth Management Act (GMA) to allow more latitude for rural jurisdictions in distressed areas to adopt plans that encourage job-creation. The Governor vetoed the bill. It may become part of a discussion of the GMA over the summer and fall.

Freight Rail Zoning. HB 1504 allowed Clark County and counties in eastern Washington to designate agricultural and natural resource lands adjacent to Class II and III freight rail lines as industrial, if the land use was rail-dependent. Despite receiving broad legislative support, the Governor vetoed the bill. The bill proponents are exploring the option of narrowing the bill’s applicability to see if the Governor will sign a smaller version.

The Legislative Report is a weekly report that is distributed each Friday throughout the legislative session. Each edition includes an update of legislative activities as well as a list of specific legislative meetings of interest to ports. Copies of bills can be found on the Legislature’s web site at www.leg.wa.gov.
ENVIRONMENT

“Hirst” Fix. Republicans in both chambers continue to insist that the legislature un-do the Supreme Court case known as ‘Hirst.’ In that case, the Court effectively eliminated groundwater wells that do not have a stand-alone water right. This issue is so central to the politics of the legislature at this time that it has become inextricably linked to the budget discussions.

GOVERNANCE

Public Records Act Reform. In a positive development, the Governor signed both of the bills that reformed the Public Records Act. HB 1594 and HB 1595 were both supported by the full range of local government associations. HB 1595 allows a public entity to charge more for the costs of responding to the request, and also disallows a request for ‘all records.’

Paid Family Leave. Discussions continue behind the scenes on a potential paid family leave act, which would affect all employers, including local governments. Details are evolving, but the pressure is coming from a likely citizens’ initiative addressing this issue.
