The Beacon

Please welcome our newest staff member, Casey!

Born and raised in California, I hail from the small town of Yuba City by way of San Diego, Guam and Klamath Falls, Oregon. I found my way to the Bay Area in 1979 when I attended San Jose State University (Go, Spartans!) and never left! After spending 16 years as a retail manager and 14 years as an HR manager at Crate and Barrel, I recently left the retail world to pursue a passion for plant-based nutrition, writing and art. I am a few weeks away from earning a Nutrition Counseling certification, and once all my studies are done, will wind up with certifications in weight management, sports nutrition, and whole food plant-based nutrition. My other passions are fitness, hiking, food, wine and sports. I’m very impressed with the energy and dedication of the staff and volunteers, and am proud to be associated with this organization. I’m working part-time, focusing on events and supporting the many programs we offer. Please stop by to say hello!

Retirees love practicing TM because of its dramatic effect on reducing the negative effect of stress on aging. Over 600 scientific research studies, conducted in over 250 universities and research institutes in 33 countries, have verified the mental and physiological benefits of the Transcendental Meditation technique, including reduced stress and anxiety, improved attention, and heightened creativity and athletic performance. Come learn why!

Pescadero Opera is bringing opera to Half Moon Bay! On Wednesday, November 13 from 7:00-8:30pm, Senior Coastsiders will host a presentation of Leoncavallo's Pagliacci, a very popular and exciting short opera lasting a little over an hour. This performance of Pagliacci is a film production (not a live performance) from 1984, directed by the great Franco Zefferelli. Local opera connoisseur, Phyllis Neuman, will give an introduction to the opera before the show, guiding attendees on what they will see and hear, and will provide any opera trivia available. Programs will be provided that include a synopsis of the opera. The DVD includes English subtitles, and there's always room for questions and discussion.

Holiday Craft Faire - Saturday, November 16th from 1:00-4:00pm. We are excited to host a Holiday Craft Faire at Senior Coastsiders that will showcase many of our talented older adults and others in the community. Local Action for a Global Issue: Elevating the Voices of Older Adults in Half Moon Bay’s Climate Conversation.

People cause climate change through everyday activities. Our daily actions, such as driving, eating, and shopping, create pollution that goes into the atmosphere and traps heat, like a blanket. This warms our world and is causing the changing weather patterns we experience today. These global changes are visible in Half Moon Bay and older adults are uniquely vulnerable to the impacts of climate change. Our community is expected to experience more days with temperatures over 100 degrees each year, which is hard on those without access to air conditioning and limits our ability to be outside; coastal erosion which will continue to impact those who live, work, and play along the coast; and increased fire risk threatens our area and has already resulted in drastic actions by PG&E to shut off power.

Senior Coastsiders, in partnership with the City of Half Moon Bay, is taking action to engage our community in a conversation about climate change. In 2020, the City will be developing a Climate Action and Adaptation Plan (CAAP) to define the local causes and impacts of climate change. This plan will be based on feedback provided by the local community (you!) at various events throughout the next few months. We will continue to host events to provide opportunities to learn about climate change and provide input on the issues that are most important to you. As part of these events, we are hoping to not just engage our older adults, but also engage with youth in our community and play with new technology (virtual reality!). We will also be setting up an interactive climate change display where you can share your thoughts as you share a meal!

For more information please contact Sandi Winter at swinter@seniorcoastsiders or 650-726-9056.

**A note from the Executive Director**

We’re heading into the last two months of the year and I’m looking forward to celebrating my favorite holiday – Thanksgiving. At Senior Coastsiders we have so much to be thankful for – our delightful participants, committed staff, stalwart Board members, dedicated volunteers and generous donors. Of course, October is Pumpkin Festival which includes one of Senior Coastsiders’ major fundraising activities – the Pumpkin Run. This year we had over 1,000 runners and for the first time we successfully incorporated a half marathon. Thank you to all who contributed in so many ways to the success of this event.

As I write this, we are bracing for another power outage. Prior to the first outage, our team sprang into action to plan how we would continue “business as usual” without electricity. Our kitchen team did an amazing job preparing over 100 meals that were served in our dining room and to our home bound participants – all the food was cooked on only two gas burners. Our front office team checked in with our most vulnerable participants before, during and after the outage to ensure that they were adequately prepared, and we answered many calls from concerned citizens. We were contacted by staff from the City of Half Moon Bay, the Half Moon Bay Review and ABC 7 TV news who all wanted to learn about the effect of the outage on our participants. We are working on our organizational strategic plan and before we get too far, I’d welcome an opportunity to speak with you about how Senior Coastsiders can best serve the changing needs of older adults on the Coast over the next decade. Feel free to stop by my office any time for a chat.

**DEALING WITH POWER OUTAGES**

We want to remind all of our friends in the community that Senior Coastsiders is OPEN during power outages. The last two outages have shown that the right attitude and a little innovation mean business as usual. During both outages, our kitchen has prepared hot meals - and hot coffee - and our participants have found comfort, support, and smiles from staff and each other. Almost all classes have carried on as normal as we benefit from a great deal of natural light.

Our phones, however, do not work during an outage but rest assured, we are open. If the power goes out again, come by Senior Coastsiders for a meal and a few laughs. And if there is a planned outage, call ahead of time to arrange for a pick up.

STAY SAFE EVERYONE!
