How can I get Professional Development hours for my teaching license?

At the conclusion of each clinic session eligible for professional development, you must present your form to be stamped by the presider at the door or front of the room. Stamps for a given workshop will only be issued immediately following the workshop's conclusion so please find this individual directly after the workshop. Your sheet may not be stamped by another session's presider or at the Professional Development Booth.

At the conclusion of your conference experience, bring the stamped Workshop Verification Form and your completed Evidence of Completion form with you to the Professional Development booth in the Terrazo/Registration lobby for processing where you will then receive your official ISBE Completion Form. The stamped Workshop Verification Form is not your official ISBE paperwork - you will need the official ISBE Completion Form for official documentation.

For more information and details, please see page 15 of the IMEC 2019 Official Program.

How do I use the WiFi at the Peoria Civic Center?

There is a complimentary, open WiFi network available during the conference at the Peoria Civic Center.
