Impactful Data to Power Trust Curriculum Strategy

The Learning Program

Did you know that Tassomai, the leading formative assessment and homework tool provides detailed and impactful datastreams for central MAT teams and curriculum leaders?

Live and Interactive data on school engagement allows Trust Leaders to monitor the quality of implementation across multiple sites.

These insights improve accountability and can accelerate the sharing of best practices between schools and between curriculum leads.

Our understanding data can help curriculum leads identify hot-spots (and blind spots) in T&L approach between schools and even within subjects.

This data can then drive improvements in real time and directly benefit outcomes across multiple sites.

Control Panel	School		01: Atomic Structure & the Periodic Table	02: Bonding, Structure & the Properties of Matter	03: Quantitative Chemistry	04: Chemical Changes	05: Energy Changes	06: The Rate & Extent of Chemical Change	07: Organic Chemistry	08: Chemical Analysis	09: Chemistry of the Atmosphere	10: Using Resources
