

Rulebook TECH UPDATE

Safety Update: Camera Mountings

EFFECTIVE DATE: 07/27/2018

OLD Rule:

20.1.1 Cameras & Camera Mounting:

20.1.1.1: Up to two (2) cameras (Go Pro or similar) per kart is allowed. Each camera and clear protective casing is to have the last name of the Legal Entrant clearly printed on it.

20.1.1.2: Cameras must be hard mounted by bolt and nut to a driver fairing or side pod. Mounting by use of any form of adhesive is prohibited. The Race Director or Tech Official may require additional measures.

20.1.1.3: Mounting any camera to the helmet in any way is prohibited at all times.

New Rule:

20.1.1 Cameras & Camera Mounting:

20.1.1.1: Up to two (2) cameras (Go Pro or similar) per kart is allowed. Each camera and clear protective casing is to have the last name of the Legal Entrant clearly printed on it.

20.1.1.2: Cameras must be hard mounted by bolt and nut to a driver fairing or side pod. Mounting by use of any form of adhesive is prohibited. The Race Director or Tech Official may require additional measures.

20.1.1.3: Mounting any camera to the helmet in any way is prohibited at all times. **This includes any form of mounting to the shell of the helmet, or the mounting of any type of video or camera system inside the helmet, such as in the viewport.**

Please contact NKA with any questions.
