
SOME/THINGS MAGAZINE / SECRET / AGENCY - BLOG

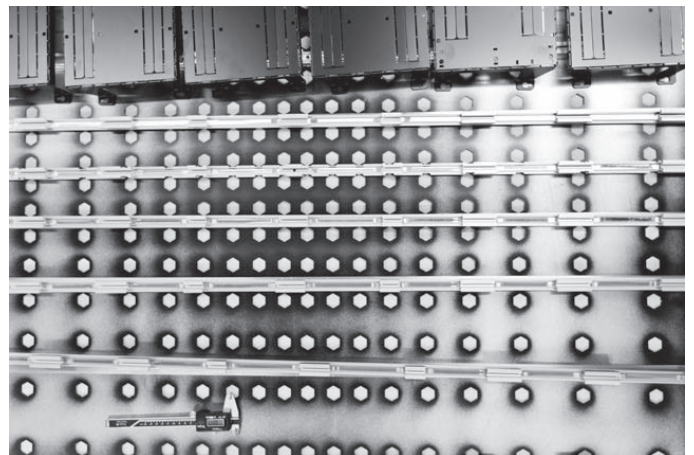

May17/2012 11/04AM

Founded in 2005 by Stuart Wood, Florian Ortkrass and Hannes Koch, [rAndom International](http://random-international.com) creates artworks and installations that explore behaviour and interaction. exploring light and movement, the studio utilises raw fragments of artificial intelligence to encourage a relationship between the converging worlds of animate and inanimate. for more information, visit random-international.com
