

1801 Dock Street  
Tacoma, WA 98402

## how it works

1. **You draw your idea** for something you'd like to see made out of glass. (You can use crayons, markers, paint, collage, etc., and the design is totally up to you—be creative!)
2. **You fill out this form and turn it in with your design.**
3. The Museum's **Hot Shop Team chooses a winning design** (approximately one each month).
4. If we choose your design, we'll call and invite you and your family to come to the Museum (for free) and **watch the Hot Shop Team make your design in glass** (one for you to keep and one for us).
5. **We may include your design in an exhibition** that would begin at Museum of Glass and travel to other museums around the country.
