

STEP INTO SOCIAL JUSTICE

MATERIALS:

Computer or phone with internet access
Paper and pen/pencil

LEARNING STANDARDS:

C4.6-8.5 Employ strategies for civic involvement that address a national issue.

INSTRUCTIONS:

There's room for everybody to make a difference in our world. What issues of social justice interest you? What would you like to change? From animal rights to police reform, you have the ability to make a difference whether large or small. Research your chosen topic online and find organizations that you can join and support, like your local chapter of the ACLU, NAACP, Amnesty International, ASPCA and many others! Most cities even have their own start-up organizations to support causes directly in your community.

Figure out how you can get involved – joining peaceful protests, fundraising, writing letters for a call to action to local politicians – and tell us how you're making a change and email us at juniorcurator@museumofglass.org to work towards your Junior Curator status!
