The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Department of Administration, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

The Bulletin is identified by the calendar year and issue number. For example, Bulletin 13-1 refers to the first Bulletin issued in calendar year 2013; Bulletin 14-1 refers to the first Bulletin issued in calendar year 2014. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 13-1 refers to January 2013; Volume No. 13-2 refers to February 2013; and so forth. Example: The Bulletin published in January 2014 is cited as Volume 14-1. The December 2015 Bulletin is cited as Volume 15-12.

The Idaho Administrative Code is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon becoming effective. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the Cumulative Rulemaking Index. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.
1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate - Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking - Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

3. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or
b) compliance with deadlines in amendments to governing law or federal programs; or

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

4. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking - Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

5. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.
HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

**IDAPA 38.05.01.200.02.c.ii.**

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

1. “38.” refers to the Idaho Department of Administration
   “05.” refers to Title 05, which is the Department of Administration’s Division of Purchasing
   “01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”
   “200.” refers to Major Section 200, “Content of the Invitation to Bid”
   “02.” refers to Subsection 200.02.
   “c.” refers to Subsection 200.02.c.
   “ii.” refers to Subsection 200.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-“ (38-0501-1401). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

**“DOCKET NO. 38-0501-1401”**

“38-” denotes the agency's IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

“1401” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in calendar year 2014. A subsequent rulemaking on this same rule chapter in calendar year 2014 would be designated as “1402”. The docket number in this scenario would be 38-0501-1402.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

NOTICE OF RULEMAKING – ADOPTION OF PENDING FEE RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2019 Idaho State Legislature for final approval. IDAPA 02.06.01.500-502 lists the different services and fees for seed testing. It was last updated in 2006. Based on customer demands, the services offered by the lab have changed since this rule was last updated in 2006. The tests not listed on our current fee schedule are charged based on our “Miscellaneous Fees” – $40.00/hour rate. To provide clarity to our customers on our services and prices, we propose updating our list of services.

We are not increasing any prices for any currently offered service; however charging for newly listed services will make this a fee rule.

IDAHO CODE SECTION 22-101A STATEMENT: This rule does not regulate an activity not already regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.

NOTICE OF RULEMAKING – ADOPTION OF TEMPORARY RULE

**EFFECTIVE DATE:** The effective date of the temporary rule is September 17, 2018. Unless this temporary rule is rejected and not extended by concurrent resolution of the legislature, or it is rescinded by the Racing Commission prior to the following expiration date, the temporary rule shall be null, void and of no force and effect on and after September 30, 2020.

**AUTHORITY:** In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 54-2506, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

A supplemental licensing fee will be required to pay for the addition of hair testing as the cost is substantially higher than what is currently in place for the blood testing that is in use at this time.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The Commission funding into State Regulatory Fund 0229-06 will need to be increased to cover the cost of the additional testing.

**FEE SUMMARY:** Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

Section 54-2506, Idaho Code, authorizes the Commission to prepare and promulgate rules to govern race meets and the pari-mutuel system. The Supplemental License Fee being imposed through this rulemaking will be in effect only until such time that the Commission is able to cover these additional fees as part of its operating costs.

When submitting a horse for hair testing as required in IDAPA11.04.11, “Rules Governing Equine Veterinary Practices, Permitted Medications, Banned Substances and Drug Testing of Horses,” the owner(s) must pay a supplemental license fee of two hundred twenty-five dollars ($225) per hair test. The Racing Commission, its Executive Director, or its Business Operations Manager is authorized to and shall designate the individual(s) responsible for collecting the supplemental fee. The owner or trainer must submit payment to said designated individual prior to testing.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This rule, regarding school-based Medicaid services, revises the definition of “personal assistant” to remove unnecessary job qualifications. The purpose of the rule is to make it easier for providers to offer services in a school-based setting. Under the new language, the job qualifications for school-based providers will be consistent with the job qualifications for community-based providers offering similar services.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the August 1, 2018, Idaho Administrative Bulletin, Vol. 18-8, pages 83 through 88.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year:

This is a technical change to the rule, changing the requirements to be a PCS provider in school settings to match the requirements for service providers outside of the school setting. This will not change the current process or provider types. There is no anticipated fiscal impact to state general funds, or any other funds as a result of this rulemaking.

The pending rule becomes final and effective at the conclusion of the legislative session unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 56-202(b), Idaho Code; also House Bill 260 (2011), now codified as Sections 56-260 through 56-266, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

Idaho House Bill 260 (2011) included legislative direction for the Department to develop a plan for Medicaid managed care for high-cost populations, including dual eligibles. Idaho Medicaid has offered a voluntary, integrated Medicare-Medicaid Coordinated Plan (MMCP) to Idaho’s dual eligibles since 2014. With the addition of another health plan to the market, dual eligibles will have two health plans to select from for the MMCP.

This rule change will allow for Medicaid to enroll those dual eligible participants who have not elected to enroll in the coordinated MMCP into a mandatory Medicaid Managed Long-Term Services and Supports (MLTSS) product, which will administer and coordinate Medicaid benefits. The Centers for Medicare and Medicaid Services (CMS) has authorized Idaho Medicaid to develop a mandatory enrollment structure under Section 1915(b) of the Social Security Act.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the August 1, 2018, Idaho Administrative Bulletin, Vol. 18-8, pages 89 through 92.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year:

The anticipated fiscal impact is limited to the cost of system changes, which is currently projected at $411,000, based on the high-level design estimate from the Department’s Medicaid Management Information Systems (MMIS) vendor, Molina Medicaid Solutions. Centers for Medicare and Medicaid Services (CMS) has approved an Advance Planning Document (APD) requesting federal financial participation (FFP) to offset the costs of these automation changes. The approved enhanced federal financial participation rate is 90% and the remaining 10% will be utilized from state general funds, meaning $370,000 federal monies and $41,000 state general funds.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The current rule applies to self-funded health plans subject to registration with the Department, as well as health insurers, and addresses coverage for congenital anomalies. There is some language in the rule that refers to premiums that denotes health insurance only and causes confusion for self-funded plans given that the term used for payments by members covered by a self-funded plan is “contribution” and not “premium.” This rulemaking modifies language in Section 012 to include contributions in addition to premiums.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

Section 025 of these rules states that the Director may require the filing of “direct response” advertising regarding disability accident and sickness policies. Some carriers, typically those seeking to sell limited benefit plans, object to filing advertising materials. This results in the Department sending a separate request for this material. The Department believes that it's appropriate to review any advertising material, and this change streamlines that communication and process. This rulemaking modifies the rule to eliminate the reference to “direct response” advertising.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the intended proposed rulemaking and the principal issues involved:

The Board of Medicine is promoting regulatory reform by streamlining and combining its rules and reducing obstacles to licensure and practice. The purpose of this proposed rulemaking is to update and clarify the Board’s rules regarding physician licensure and practice, and to ensure that the physician licensure rules are consistent with the Medical Practice Act. These rules update definitions and organizational titles, and they delete unnecessary and duplicative provisions. In addition, the current provisions of IDAPA 22.01.02 regarding registration of interns and residents and the current provisions of IDAPA 22.01.04 regarding registration of supervising and directing physicians have been updated and moved into this chapter.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year resulting from this rulemaking: N/A

The Board of Medicine is a dedicated funds agency, and therefore, there will be no fiscal impact to the state general fund. This rule eliminates registration of medical students (“externs”), which will reduce the Board's annual income by approximately $5500.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was conducted with interested parties, including the state association, and such negotiations shall continue through the comment period and hearing.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

IDAPA 39.02.46 conflicts with current business needs and practices of allowing the issuance of 30-day temporary registration permits by dealers for sales of commercial, farm and non-commercial vehicles over 8,000 lbs. This change clarifies current practice and removes outdated business rules. It aligns the rule with the needs for dealers to provide retail purchasers, needing to move 8,000lb.+ vehicles back to their home states for titling and registration, with a noticeable permit to display on their vehicle or trailer.
