

SCOTT HALL MILLS

Scott Hall Mills is a cultural hub just outside Leeds. It contains a charming 1,100 sq/ft studio which is available for photo shoots, location filming, team meetings and events. It houses exciting creative businesses, including Lord Whitney, Prints of Thieves and Plaey Workshop.

Located in the industrial area of Buslingthorpe vale, it's a totally unexpected space full of character and curiosities. The large studio has evolved since 2011, when Art Directors Lord Whitney took over the space. They have gradually transformed the once derelict venue into a place of delights. Though a lot of original features such as exposed brick work, beams and pipework have been left untouched, the space has been brought it up to date via complimentary playful, contemporary design. Within the space is a 'Glasshaus' meeting space made from reclaimed windows and even an indoor Treehouse!

There is beautiful natural light throughout the space, a double height ceiling and West-facing windows. Scott Hall Mills also contains a prop store with many unusual items available to hire, alongside options of flooring and backdrops.
