Menu Notes

All of our vegan meat substitutes are created by the BE-Hive located at 2412 Gallatin Avenue, Nashville, TN betehive.com

Our vegan bread is delivered daily from Silke’s Old World Breads located at 1214 College Street, Clarksville, TN silkesoldworldbreads.com

Both thin and deep style pizza doughs are naturally vegan and made in house daily.

Our soft baked pretzels are naturally vegan and made in house. They are glazed with butter when ordered off our regular menu.

We have a dedicated meatless fryer that we use for all of our fried vegan items which include the vegan fries, potato skins, dough nuggets, breaded mushrooms and onion rings.

Our regular cut fries are not blanched in the vegan fryer so that we can prevent gluten cross contamination. However, we use a slimmer cut fry that skips the blanching process specifically for this menu. Please note that our vegan fries do share a fryer with products containing gluten.

We use Just Mayo by Hampton Creek in all of our recipes so all dressings and aioli’s listed inside this menu are vegan.

We use Lightlife Smart Dogs as our vegan hot dog substitute.
