Urge your Senators to support Senate Bill 2047, the Preventing Preemptive War in North Korea Act. This bill would prevent military action in North Korea without Congressional approval. Without this measure, President Trump has sole authority to launch nuclear weapons.

Sample Phone or Postcard Script:
Dear Senator: My name is [YOUR NAME], and I’m a constituent from [YOUR CITY]. I urge you to cosponsor Senate bill 2047, to prevent military action in North Korea without Congressional approval. Military action in North Korea would be catastrophic and deadly—diplomacy and prevention of a nuclear exchange is the only sane solution to this crisis. Thank you.
