STRATEGIC PLANNING CONSULTING '23
Create + Collaborate

Create + Collaborate (C+Co) received a North Texas Community Foundation ToolBox Grant to fund strategic plan consultation. Established in 2020 and recognized for their unique approach to college preparation and retention programming, C+Co enlisted Project Partners' expertise to help them craft a three-year strategic plan that would support growth and expansion. Project Partners conducted one-on-one interviews and surveys with a diverse range of C+Co stakeholders, including student participants, parents, board members, community partners, and donors, and facilitated board and staff strategic planning work sessions. This culminating strategic plan incorporated findings into clear goals, objectives, and tasks grouped by prioritized focus areas.
