The Brady Center averaged the most recent five years of complete data from death certificates (2012-2016) available via CDC's National Center for Injury Prevention and Control's Web-based Injury Statistics Query and Reporting System, www.cdc.gov/injury/wisqars/index.html. Data retrieved 1.22.18 and 7.12.18 respectively. For each column total, the sum is based on rounding of CDC averages for each category of fatality and/or gun injury.

*This number is a 5-year average derived from Violence Policy Center's "When Men Murder Women" analysis of FBI Homicide data, 2011-2015.
