A GLANCE AT

The Bridge
MENTAL HEALTH AND HOUSING SOLUTIONS

ONE OF NEW YORK’S MOST RESPECTED SOCIAL-SERVICE AGENCIES, THE BRIDGE PROVIDES HOUSING AND BEHAVIORAL HEALTH SERVICES TO VULNERABLE NEW YORKERS.

64 YEARS OF SERVICE
In 1954, a group of long-term psychiatric patients returned to the community and, finding few programs in place to support them, formed a volunteer-funded self-help collective for New Yorkers like themselves living with serious mental illness. Today, The Bridge is a $65M agency dedicated to providing the housing, health, and social services that enable the most vulnerable individuals among us to lead stable and fulfilling lives.

SUPPORTED AND AFFORDABLE HOUSING
The Bridge currently houses 1,385 individuals from vulnerable populations in 24 buildings, two shelters, and over 500 apartments integrated in communities throughout the city. Bridge residences offer a range of on-site services, with single apartments made available to clients as they achieve greater independence. Our TLC shelter and Marmion Safe Haven provide street-homeless adults with transitional beds, medical care, and a path to permanent housing.

A COMPREHENSIVE RANGE OF SERVICES
Through our Clinical Headquarters on 108th Street, The Bridge offers vocational, rehabilitative, and medical services including mental health care, substance-abuse treatment, vocational training, creative arts therapies, and educational groups. Community-based services, provided by mobile teams, lower barriers to care and help individuals stay in their homes and out of institutions.
