This past week, URA hosted the Circuit Riders at Camp Barkeley. The Circuit Riders are a traveling worship group that seeks to bring the hope of God into communities and to raise up the next generation of believers. Approximately 75 members of the Circuit Riders stayed at Camp Barkeley and in host homes before conducting a series of city wide worship events.

Hundreds of people attended the events at New Hope Church on Saturday and Sunday. We are so grateful to be able to partner with a group of true worshippers. Together we hope to usher the presence of God into the hearts of the next generations.
GUATEMALA OUTREACH

In the month of April, URA teams in Guatemala continued to serve the community of Jocotillo. Our teams partnered with the Moore Center Hospital of Guatemala City to distribute 30 bags of food, each weighing approximately 80 pounds. This large scale distribution provided over 200 individuals with resources to continue the recovery process after hurricane season and COVID-19 shutdowns. Each family served received two months worth of food and nutritional supplies.

30 members of our team participated in this outreach totaling up to 240 volunteer hours including partner organizations. We are so glad to have the opportunity to continue empowering families in these communities. As we provide tangible resources and training, we believe that these families will be set up for success both individually and in their communities.
Camp Barkeley Training and Equipping Center is an apostolic event complex offering training, retreat and facility rental opportunities, is committed to the equipping and sending of sustainable leaders, and is dedicated to the preservation of its historical and environmental resources.

We believe that the inclusion of a low ropes course would bring a new level of involvement for the community of Abilene. This would create opportunity for team building exercises for families, churches, or businesses. Additionally, the low ropes course is a great tool for equipping and training leaders for the field.

Camp Barkeley at its core strives to equip leaders to bring hope and healing to individuals all over the world. Since its origin, Camp Barkeley has been a location for warriors of the past and present to gain practical and tactical skills for the advancement of the kingdom of God.

This is an essential next step for United Rescue Alliance as we seek to create a resilient community through preparedness. The inclusion of this Low Ropes course will create room for United Rescue Alliance to continue to bless the city of Abilene through emotional and spiritual care, alongside preparedness.
