Designed to erase surface imperfections such as brown spots, fine lines and wrinkles associated with aging and sun damage.

Package Includes:

- **3 Laser LimeLight™ Treatments** (Value: \$1050)
An IPL (Intense Pulsed Light) treatment to improve skin tone and surface imperfections such as redness, tiny veins, and brown spots associated with aging and sun damage.
- **TCA Peel™** (Value: \$275)
This physician grade chemical peel results in 7-10 days of heaving shedding of the outer layer of skin. Aggressively works on pigmentation, skin texture, fine lines & wrinkles. A revolutionary treatment that will rejuvenate the skin in just one treatment. Both face and neck are treated. Up to 3 layers of the peel may be applied.
- **Obagi Clear*** (Value: \$129)
This prescription-strength hydroquinone product helps to correct the appearance of age and sun spots for a healthier, more even complexion.
- **Obagi Blender*** (Value: \$125)
A unique formula containing prescription-strength hydroquinone for the gradual lightening of sun spots, age spots, and other types of discoloration. This product is mixed with a tretinoin cream and applied at night to provide lightening to the deeper layers of the skin.
- **Tretinoin*** (Value: \$102)
One of the most clinically proven prescription-strength topicals used to diminish fine wrinkles, fade irregular pigmentation, and smooth the texture of the skin.

*Products may be substituted based on skin care professionals recommendations.

Treatment Plan:

- 1) Begin product usage to pretreat for peel as directed by skin care professional. (For at least 2 weeks). Discontinue products at least 3 days prior to peel.
