Healthy Communities in an Epidemic of Loneliness

Camp Loucon, Kentucky
October 11-14, 2024

Even before the pandemic, the [health issues brought on by social isolation and loneliness](#) were recognized as a [global epidemic](#) affecting people of all ages. Deep, loving, intergenerational communities centered in the grace of Jesus have always nourished human life at its best and empowered its members in loving each other and their neighbors.

We are going back to Camp Loucon!
We'll have the entire campground.
We'll enjoy visiting with others.
We'll seek inspiration so
we may grow in love...
